Saccharomyces cerevisiae: 60-300 thousand cells per gram
Total: 1.0 -1.8 billion cells per gram

Inert Ingredients:

Fructooligosaccharide, Lecithin, Calcium Carbonate, Diatomaceous Earth, Dried *Lactobacillus plantarum* Fermentation solubles, Dried *Bacillus coagulans* Fermentation solubles, Dried *Bacillus subtilis* Fermentation soluble, Dried *Saccharomyces cerevisiae* Fermentation solubles

GENERAL INFORMATION

Probiotics are defined by the Food and Agriculture Organization of the United Nations as “live microorganisms, which when administered in adequate, amounts confer a health benefit on the host.”

St. Gabriel Organics’ UrthPet Probiotic Powder contains a wholesome, health-enriching blend of live microbes (*Lactobacillus plantarum*, *Saccharomyces cerevisiae*, *Bacillus coagulans*, and *Bacillus subtilis*) which were carefully selected for their ability to produce organic acids, adhesion molecules,

enzymes, and complex polysaccharides, as well as their ability to withstand hydrolysis in the upper GI tract, which are factors of quality for probiotic bacteria. This product is manufactured with exacting techniques and zero tolerances; this product is free from gram negative bacteria and other nontarget organisms at the time of manufacture.

DIRECTIONS FOR USE

This product is ready to use from the bottle. Shake before measuring/using. One level teaspoon after shaking weighs approximately 2.95 grams on average. One level cupful after shaking weighs approximately 142 grams (5 ounces) on average. This product should be administered daily to help protect pets from digestive imbalance, and promote strong immunity. For most pets, digestive improvement and immune promotion can be generally expected in about two weeks after initiating a daily regimen, but occasionally it may take more than a month to become effective depending on specific issues regarding your pet and possibly environmental conditions. There is no withdrawal period.

GENERAL USAGE LEVELS:

Small animals (under 5 lb): ¼ - ½ tsp (¼ - ½ billion cfu)/day
Small animals (5-10 lb): 1 - 2 tsp (1 - 2 billion cfu)/day
Medium animals (11-30 lbs): 2-3 tsp (2-3 billion cfu)/day
Large animals (31-75 lbs): 3-4 tsp (3-7 billion cfu)/day
X-large animals (76+ lbs): 4-5 tsp (4-9 billion cfu)/day

STORAGE AND HANDLING

DO NOT BAKE or add this product to hot food, because heat will destroy living cells. Do not mix UrthPet Probiotic into hot food.

Do not store pet food mixed with UrthPet probiotic. Store UrthPet Probiotic in its original package in a cool dry area. Shelf life is one year from the date of manufacture. Refrigeration should extend the life of the product.

Container Disposal: If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.

WARRANTY Seller warrants that this product conforms to the chemical description on this label and is reasonably fit for the purposes stated on this label only when used in accordance with directions under normal use conditions.

This warranty does not extend to use of this product contrary to label directions, or under abnormal use conditions or under conditions not reasonably foreseeable to seller. Seller makes no other warranties, either express or implied.
