## Transitions

### A Warm Welcome

Our newest, neighbors, Rob and Christy Eccleston have moved into their new home at 250 Meadowsweet Circle just before our big snowstorm. What great timing! They formerly lived in the heart of the Adirondacks in Lake Placid, NY, and then moved to Colorado in October of 2018 to be closer to the Art Castings foundry located in Loveland. Rob is a bronze Sculptor and we are looking forward to seeing his art. Christy was a former Realtor and Property Manager for 18 years, but now has switched gears, working at Western Energy Support and Technology in office management. They have a Border Collie, Finnin and enjoy mountain activities in their free time. We are happy they are now part of our Springs community!

## Neighbors Helping Neighbors

After the big snowstorm, many neighbors could be seen helping each other clear driveways and sidewalks. We are all so grateful for this generosity. Shown here Rob and Scott are helping Todd and Brock but we know there were many others who helped clear the large amounts of snow of their neighbors! A big thank you to all!

## Volunteer of the Month – Barry Carithers

*“No one is useless in this world who lightens the burdens of another.”*  
— Charles Dickens

Have you ever wondered about the great lending library at our mailboxes? You can thank the efforts of Barry Carithers for those great book finds. Several years ago, Barry created our lending library with the help of his son, who built the lovely little book nook. As a volunteer with Friends of the Library, Barry replaces the books every two or three weeks and takes the old books to the library book storage. Barry is now serving in his second term on the HOA Board and we appreciate his time and willingness to serve. During this holiday season, we are grateful for Barry's efforts and for having a great book to read during the snowy, cold winter. Thank you, Barry, for ongoing efforts to provide us with opportunities to keep learning!
