

## WE PROVIDE DIGITAL TOOLS TO ENHANCE COLLABORATION

Who We Work For

### Team Managers

Easily control content, user access and featured widgets for each dedicated Community

### Internal Users

Foster collaboration and self service by consolidating IT assets into a single sign-on workspace

### Senior Management

Accelerate informed decision making, grow revenue and improve business processes

### External Users

Establish a secure place to collaborate with suppliers, vendors and customers

## HOW WE WORK?

Hoozin is known for its flexibility in meeting each organization's unique Digital Workplace requirements and goals. The out-of-the-box capability allows organizations to not only quickly deploy their digital solutions, but also make 'on the fly' modifications as needed. With Hoozin you can easily integrate existing applications, leverage standard Hoozin widgets, or allow us to develop your custom solutions.

Hoozin is the all-in-one solution for your **Intranet** and **Digital Workplace** needs.

## WE PROVIDE **DIGITAL TOOLS** TO GROW COMMUNICATION

Modernize your workplace culture with Hoozin and empower business users, enhance organizational productivity and lower overall operational costs.

### Full Integration

Integrate any application, including Office 365, into your Hoozin Digital Workplace. Hoozin allows you to work with and enhance existing IT assets, rather than replace them.

### Targeted Content

Deploy new productivity tools and applications or promote existing IT assets to specific user groups based on their job role within the organization.

WHAT'S  
INSIDE

### Custom Communities

Create Communities for departments, teams or projects to allow members to easily communicate and collaborate on the task at hand.

### Standard Widgets

Hoozin comes complete with a variety of functional widgets that can be easily added to Communities or specific user landing pages with a drag and drop editor.

## WHY **HOOZIN?**

Hoozin delivers an experience that is designed to empower today's modern digital workers by offering a consolidated, single sign-on dashboard with self-service capabilities. Hoozin allows users to eliminate the clutter and combat information overload while remaining aware of all important news and updates.

Hoozin's modern social communication model allows both users and managers to overcome traditional organizational barriers to communication.
