

What is the Quality Assurance in Language Education Network?

QALEN members work together to share, document and develop global best practice in quality assurance of English language education

What will QALEN do?

QALEN's key objectives are:

- To share global perspectives on quality assurance in English language education
- To provide opportunities for participants and members of Accrediting and Quality Assurance bodies to communicate and collaborate within a safe, supportive environment
- To better understand emerging trends and address common challenges
- To collaborate on projects of mutual benefit *and which bring quality outcomes to learners, teachers and institutions*

What are QALEN's shared values?

Members will always:

- Respect and acknowledge the individual characteristics and different contexts of their global counterparts
- *Maintain collegiate and supportive behaviours in all interactions with the network and in representing QALEN publically*
- *Aim to make full contributions to each aspect of the network including attendance to symposia and input to virtual activities*
- *Seek to uphold the highest standards of practice and provisions of quality assurance in their own operations*
