## Ferry Information

**Green River Ferry** - Operates year-round daily **6:00** am - **9:55** pm CST

Ferry operations are subject to the water levels of the Green River, so operations may be affected by low or high water levels. Call the Ferry Hotline at (270) 758-2166 for current information. If the ferry is closed, the best way to get to the Mammoth Cave is driving to Brownsville.

Vehicles boarding the ferry must not exceed 8 tons, and have a length no more than 16 feet. Low water conditions often restrict trailer traffic on the ferry; you may wish to call the Ferry Hotline prior to departing with the trailer-length vehicle to ensure that the ferry can accommodate your vehicle.
