

STATUARIO COLORADO

An Italian classic

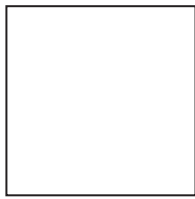

Known as the classic Italian marble, this beauty features subtle grey veining on a white background. A soft, timeless stone from Colorado USA!

99.5% pure calcium carbonate with a grain structure that gives a smooth texture, a homogeneous look, and a luminous surface. Quarried Inside a mountain at 10,000 feet above sea level, in contrast to most marble, which is quarried from an open pit and at much lower elevations.
