

ARE YOU IMMUNE?

Elina Labs is the **exclusive** provider in the state of Georgia for the **neutralizing antibody test for COVID-19.**

Neutralizing antibodies are like the special forces of the immune response disarming the virus at just the right point before it can attack our cells.

Why get Tested?

To resume with life as we knew it before COVID-19

To protect your friends, co-workers, family & community

To resume travel safely

To no longer need to wear a mask in public

How to Test?

One vial of blood
(Lavender top)

Talk to your health provider today or call us for more information.
