

Dear valued patients & visitors,

Thank you for choosing One Stop Dentistry as your home for dental care. During these unprecedented times, we are closely adhering to The American Dental Association (ADA) and Washington State Department of Health's recommended guidelines to prevent and protect each other from Covid-19. However, given the unique nature of the pandemic we cannot guarantee the absolute safety of anyone in our office from this infectious disease.

Please do not hesitate to ask us should you have any concerns or would like more information.

We sincerely appreciate your understanding in helping us achieve this goal and look forward to serving you.

Thanks,

Mostafa Norooz, DDS, PS
