Soladox Botanicals is a certified organic medicinal herb farm located just outside Lake Geneva, Wisconsin. Specializing in dried herbs, we are a contract grower for the nutraceutical industry. Some of the crops on our farm include Passionflower, Elderberry, Nettle, Butterfly Weed, Sweet Annie, and Echinacea. As demand has increased for domestically sourced herbs, we are expanding to meet these new challenges. We are seeking individuals to fill key positions at our farm for the 2022 growing season and beyond.

**Positions Available**

**Farm Crew Lead:**

- Position reports to Farm Manager
- Work in the farm’s greenhouse seeding, potting up, watering, fertilizing, monitoring plant health, and preparing plants for transplanting
- Perform field activities with farm crew, such as transplanting, cultivation, irrigation, fertilization, and harvesting medicinal herbs
- Dry and process medicinal herbs with farm crew
- Operate and maintain farm equipment, including tractors, cultivation and processing equipment
- Collaborate with Farm Manager to ship dried herbs and to set work schedules for field crew
- Follow farm safety guidelines and training
- Perform basic record-keeping and light housekeeping of farm facilities

**Schedule and Compensation**

- Monday - Friday and some Saturdays 8:00 am – 4:30 pm, with flexibility to work later
- Full season: Mid-February through mid-December
- Starting pay based on experience

**Desired Qualities**

- Minimum 2 years of experience growing vegetables/herbs or transferrable skill set
- Minimum high school diploma or equivalent certificate
- Experience with operating farm equipment, including but not limited to tractors, cultivators, and hand tools
- Valid driver’s license required with good driving record
- Ability to lift 50 LBS
- Mechanical ability

We look forward to interviewing candidates who meet these requirements. Resumes may be emailed to: e.hines@soladox.com.
