1. PURPOSE OF REQUEST

The Commission is inviting written proposals from Firms interested in providing a coordinated advertising program. The Commission defines the advertising program as including, but not limited to, flat-screen video monitor systems, various mass media communication devices ("Digital Advertising"), artwork, display cases, free standing displays, wall mounted displays, dioramas, and other similar advertising ("Traditional Advertising") for the purpose of promoting or displaying the products or services of various industries, manufacturers, companies and persons.

2. DESCRIPTION OF ADVERTISING CONCESSION

2.1 Area and Scope of Concession.

The selected Firm shall be allocated and provided with such wall and other space within and about CSG's passenger terminal building, whether or not contiguous, with the existing terminal structures, parking garages and surface lots (collectively "Airport facilities") as approved and authorized from time to time by the Director. Space availability is indicated in **Appendix 1**. The space shall be used solely for the installation and maintenance of Digital Advertising and Traditional Advertising (collectively "Advertising"). Firms may use any or all of the locations as part of a proposal for additional advertising concepts. If any additional advertising concepts are proposed, the Firm shall separately describe the additional advertising concepts, the locations of same, the additions, modifications and equipment associated with such additional advertising concepts, as well as the capital investment associated with the additional advertising concept.

Firms may propose other sites on the Airport's properties or within the buildings indicated in Appendix 1 believed to be suitable for display of advertising.

However, the Commission makes no representations that any such sites will ultimately be permitted to be devoted to advertising purposes, or that sites devoted to advertising shall continue to be devoted to such use. In the Commission's sole discretion, any or all of such sites may be deemed best suited for other Commission purposes or left vacant. Nothing in this Request for Proposal shall be deemed or construed in any manner to limit the Commission's discretion to ultimately determine which sites identified by a Firm will be used for the display of Advertising.

Firms are encouraged to submit proposals that include, but are not limited to, modern advertising concepts such as web advertising and utilization of state-of-the-art display mediums. The selected Firm must install, at its own cost, all such mediums and at least four (4) back-lit wall dioramas or four (4) tension fabric displays) and two (2) flat screen digital monitors at CSG for display of advertising. The Director of Marketing, subsequent to the award of the concession, will establish the number, location and size of the displays.

Additional capital investment required for the concession includes: (i) installation and maintenance of courtesy telephone boards with hotel and rental car advertisements or equivalent technology; (ii) touch-screen airport directories that will be updated by CSG staff; (iii) sponsored play area within the terminal. All Proposers must include as part of their proposal an updated schematic that allows travelers to contact their respective hotels to meet Airport standards; (iv) one (1) sponsored lactation station within the terminal and (vi) security checkpoint bin advertising.

The concession agreement ("Agreement") requires daily inspections and cleaning of all Advertising and the selected Firm is required to take all necessary actions to maintain the Advertising in "as new" condition. In addition, no blank Advertising space will be permitted at any time. If the selected Firm does not have replacement advertising content, the selected Firm is required to immediately install public service content or filler content to supplement current advertising partners. It is the selected Firm's responsibility to locate this suitable public service content, subject to the Director's approval. At the discretion of the Director, Commission's promotional materials may be substituted for public service content.

The Commission will award the selected Firm a concession agreement for a term not to exceed five (5) years, plus a one (1) year option term at the Commission's discretion. The selected Firm shall have the non-exclusive right to sell Advertising in the areas described herein. The nature and character of the Advertising installed or erected shall at all times be subject to the prior written approval of the Director. No Advertising shall be erected, installed or placed in any area, except as set forth in the Agreement.

2.2 Available Advertising Locations.

The current locations of available advertising space are indicated in **Appendix 1**.

From time to time, during the term of the Agreement, the Commission may refurbish the main terminal area. In connection with any such refurbishment, or for other reasons in the Commission's discretion, the selected Firm may be required to operate from different or fewer locations. If the Commission is unable to find a replacement location for any Advertising Unit resulting in the substantial reduction of space more than 10%, then the minimum annual guarantee will be adjusted, pro rata, based on the number and type of Advertising Units remaining; however, the percentage fee will not be adjusted.

The Director may require the selected Firm to operate at additional locations, at any time, during the term of the Agreement, which additional locations may be in existing buildings or structures or in any additional terminal areas that may be opened by the Commission at CSG for operation during the term of the Agreement. In such event, the minimum annual guaranteed concession fee will be adjusted pro rata, in a mutually agreed upon manner.

2.3 Installation, Maintenance and Repair Responsibilities.

The selected Firm shall, at its own cost and expense, provide, install and maintain all Advertising, including electrical connections, necessary to conduct its business at CSG.

In addition to ordinary maintenance, which shall be performed continuously as a nominal operating expense, selected Firm agrees to accrue three percent (3%), of gross receipts, (as defined in Section 2.5) from all sales activities conducted under the Agreement and to expend such funds for the refurbishment and betterment of the Airport.

2.4 Competition.

The selected Firm will be granted the non-exclusive right to establish and operate an advertising concession on the Airport's properties or within the buildings indicated in Appendix 1. It is understood that the Commission may operate, or have operated by another, various mass media communication devices which may contain advertising including, but not limited to, flight information display systems, baggage information display systems and gate information display systems. Such operations are not included within the non-exclusive rights granted to the selected Firm, although the Commission may choose to enter into a separate agreement with the selected Firm for the advertising portions of such mass media devices.

Such non-exclusive rights of the selected Firm shall not be deemed to limit the right of the Commission to permit tenants of CSG to advertise their goods and services in their leased premises, or elsewhere, on the Airport's properties or within the buildings indicated in Appendix 1 as may be permitted by the Commission. The rights granted to the selected Firm shall not be deemed to automatically apply to the exterior of other non-Airport Terminal Buildings, or to any present or future structures or buildings, not described in 2.1

2.5 Concession Fee to the Commission.

Prospective Firms should propose a Minimum Annual Guarantee (MAG) concession fee for each year of the Agreement as well as a percentage of gross receipts realized in excess of MAG.

- (A) The Commission has determined that as a concession fee for the first full year of the term, subject to adjustment as set forth below, the selected Firm shall pay, to the Commission, a Minimum Annual Guaranteed ("Concession Fee") of no less than Twelve Thousand Dollars (\$12,000.00), payable in twelve (12) equal monthly installments;
- (B) AND a Percentage Fee to be proposed of gross receipts realized by the selected Firm from all Advertising, in excess of the MAG, whichever is greater.

The Concession Fee shall be adjusted on the first anniversary of the Agreement and at the end of each twelve (12) month period thereafter, for the next ensuing twelve (12) month period, with said Concession Fee being the sum of money representing eighty-five percent (85%) of the Concession Fee payable for the pervious twelve (12) month period calculated in accordance with this Section; provided, however, that in no event shall said Concession Fee for the next twelve (12) month period be less than Twelve Thousand Dollars (\$12,000.00).

- (A) The term of the Agreement shall be for an operating period consistent with the selected Firm's capital investment, commencing on the effective date of a concession agreement with the Commission. However, the term length shall not exceed five (5) years, with one (1) one-year option at the Commission's discretion.
- (B) The Commission may terminate the Agreement at any time for cause upon failure to perform in a manner satisfactory to the Commission after the selected Firm has received written notice as provided in the contract. - (E) The Commission may, at any time and in its sole discretion, without cause and upon one hundred twenty (120) calendar days' written notice, discontinue the Agreement entirely. Such discontinuance of the contract by the Commission shall not constitute a breach of the contract by the Commission and the Commission shall have no obligation or liability whatsoever; and selected Firm shall make no claim for payment of damages or of any cost or expense incurred in connection therewith.
- (F) Failure of the selected Firm to strictly enforce a subcontract agreement with any of its subcontractors shall be considered a default by the selected Firm and grounds for termination of its Agreement with the Commission.

The insurance company(ies) providing the required insurance shall be authorized by the Georgia Department of Insurance to do business in Georgia and rated "A" or above by A. M. The rights and privileges granted the selected Firm will be non-exclusive.

4. GENERAL INFORMATION

4.1 Submission of Proposals.

- (A) Each Firm shall provide all information requested by the Commission in this Request for Proposal. Firms must organize their packages to address each of the elements outlined and in the same order listed in Section 6 of this Request for Proposal.
- (B) Firms are advised to carefully read and complete all information requested in the Request for Proposal. If the Firm's response to this Request for Proposal does not comply with the conditions for submittal, it shall be considered unacceptable by the Commission and may be rejected without further consideration.
- (C) The Commission wishes to promote the feasible use of recycled and environmentally sustainable products and to minimize waste in its operations. To that end, all Proposals should comply with the following guidelines unless absolutely necessary, copies should minimize or eliminate use of non-recyclable or non-re-useable materials. Do not submit any or a greater number of samples, attachments or documents not specifically requested.

4.2 Commission 's Rights and Requirements

- (A) Under the laws of the State of Georgia, all parts of a proposal, other than trade secret or proprietary information may be considered a public record which, if properly requested, the Commission must make available to the requester for inspection and copying. Therefore, to protect trade secret or proprietary information, Firms should clearly mark each page, but only that page, of its proposal that contains that information. The Commission will notify the Firm if such information in its proposal is requested, but cannot, however, guarantee the confidentiality of any proprietary or otherwise sensitive information in or with the proposal. Blanket marking of the entire proposal as "proprietary" or "trade secret" will not protect an entire proposal and is not acceptable.
- (B) The Director, at her sole discretion, may require any Firm to augment or supplement its proposal or to meet with the Commission's designated representatives for interview or presentation to further describe the Firm's qualifications and capabilities. The requested information, interview, meeting or presentation shall be submitted or conducted, as appropriate, at a time and place the Director specifies.

Until the Proposal Expiration Date, Firm agrees that its proposal shall remain in effect, as submitted, and subject to selection by the Commission.

4.3 Airport Concessions Disadvantaged Business Enterprise Program

In accordance with the regulations of the United States Department of Transportation, 49 CFR, Part 23, the Columbus Airport Commission has implemented an Airport Concessions Disadvantaged Business Enterprise Program ("ACDBE"). This program applies to all recipients that received a grant for airport development at any time after January 1988 that was authorized under Title 49 of the United States Code. The objectives of the ACDBE program are to ensure nondiscrimination in the award and administration of opportunities for concessions by airports receiving DOT financial assistance; to create a level playing field on which ACDBEs can compete fairly for opportunities for concessions; to ensure that

the Department's ACDBE program is narrowly tailored in accordance with applicable law; to ensure that only firms that fully meet this part's eligibility standards are permitted to participate as ACDBEs; to help remove barriers to the participation of ACDBEs in opportunities for concessions at airports receiving DOT financial assistance; and to provide appropriate flexibility to airports receiving DOT financial assistance in establishing and providing opportunities for ACDBEs.

An ACDBE Goal of **TBD** has been established for this Agreement. ACDBE participation may be in the form of one or more joint ventures, partnerships, subcontracts or other legal arrangements meeting the eligibility standards in 49 CFR Part(s) 23 and 26.

According to the federal regulations, governing the ACDBE program, build-out related to the advertising installation is not subject to the ACDBE program regulatory guidance. The Commission requests and supports any voluntary inclusion efforts made by the selected Firm to use certified DBE, ACDBE, minority and female owned business for the build-out, construction and installation of the advertising concession program.

The selected Firm will be required to submit information concerning the ACDBE firm(s) that will participate in this Agreement including the name and address of each Concessionaire and Sub-concessionaire, the estimated annual gross receipts to be earned by each named Concessionaire, a description of the legal arrangements to be utilized and the total overall estimated annual gross receipts to be earned.

If a Firm is unable to achieve the ACDBE goals stated herein it will be required to provide documentation in its proposal demonstrating that it took all necessary and good faith efforts in attempting to do so, or that it is not economically feasible at this time to enter into either a joint venture, partnership, subcontract or other eligible arrangement with a ACDBE firm.

The selected Firm will be required to comply with the Commission's ACDBE Program for the entire term of the contract.

ACDBE certified firms can be located in updated DBE Unified Certification Program ("UCP").

The sub-concessionaires you propose will be considered the sub-concessionaires that you will use in the Agreement, if awarded to you. After award, if the Firm seeks termination or substitution of a sub-concessionaire, the request must be submitted in writing to the Airport Director. Additionally, refer to **Appendix 2** regarding the Commission's Sub-contractor Addition and Substitution Policy and Procedure (This policy includes concession substitutions and additions). The Commission reserves the right to approve an award, but not approve a proposed sub-concessionaire.

In addition, the Columbus Airport Commission is firmly committed to assisting

ACDBE firms through its contracting activities, and the Commission intends to contract with Firms that share that commitment. Firms shall make every effort to use ACDBEs where available and practical.

Please be aware that the participation of ACBDE firms listed in your Proposal will be monitored by the Department's OCI office throughout the duration of the Agreement. The selected Firm will be responsible for providing the Department's OCI office with any and all information necessary to facilitate this monitoring, including sub-concession agreements and other necessary information. Selected Firm will have monthly reporting requirements through the OCI office. The selected Firm will be required to provide sub-concessionaire agreements to the OCI office.

If at any time during review or audit of the selected Firm and its ACDBE sub-concessionaires, the Commission determines that the selected Firm, and its ACDBE sub-concessionaires, are not functioning in good faith, the selected Firm must submit a corrective action plan within ten (10) calendar days of the written findings. The Commission will then review the corrective action plan and, if acceptable, will provide written approval of the plan. If the selected Firm does not meet the provisions of the corrective action plan and the Commission continues to find the selected Firm and its ACDBE subcontractors not to be functioning in good faith or in non-compliance with the nondiscrimination provisions of the Agreement the Commission shall impose such sanctions as it may determine to be appropriate, including but not limited to (i) cancellation, termination or suspension of the Agreement; or (ii) suspension from participation in future Department contracts.

It is the Commission's objective that the ACDBE performs a commercially useful function. An ACDBE is considered to perform a commercially useful function when it is independently responsible for the execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing and supervising the work involved. In light of industry practices and other relevant considerations, the ACDBE must have a necessary and useful role in the transaction of a kind for which there is a market outside the context of the ACDBE program. In the event sub-concessionaires' performance is in the form of a joint venture partnership, OCI will adhere to the guidelines provided in Airport Concessions Disadvantaged Business Enterprise Joint Venture Guidance.

4.4 Outreach Events.

All Firms must affirm their commitment to supporting and/or participating in Department sponsored outreach events aimed at attracting and educating small, minority and female-owned companies on business opportunities with the Department.

In addition, the proposer must provide a description of any outreach and development activity plan, which will be approved by the Director and the Airport's Marketing department, which identify and develop new advertisers

through such events, target marketing and other efforts (i.e., job fairs, training seminars, media outreach and the like).

4.5 Equal Opportunity Clause.

Within sixty (60) calendar days after entering into a concessionaire agreement, the successful Firm shall file a written affirmative action program with the OCI Office containing standards and procedures and representations assuring that the Firm affords all qualified employees and applicants for employment equal opportunities in the Firm's recruitment, selection and advancement process.

The successful Firm will be required to include the following clause in all sub-concessionaire agreements:

This agreement is subject to the requirements of the U.S. Department of Transportations regulations/ 49 CFR Part 23. The concessionaire or contractor agrees that it will not discriminate against any business owner because of the owners' race/ color, national origin/ or sex in connection with the award or performance of any concession agreement, management contract, or subcontract, purchase or lease agreement, or other agreement covered by 49 CFR Part 23.

4.6 Short-listing.

The Commission reserves the right to select a limited number (a "short-list") of Firms to make an oral presentation of their qualifications, proposed services and capabilities. The Commission will notify the Firms selected for oral presentations in writing.

4.7 Execution of Agreement.

The selected Firm shall, within ten (10) business days after receipt of an Agreement prepared by the Commission, exclusive of Saturdays, Sundays and holidays, execute and return the contract to the Commission together with evidence of proper insurance and intent to conform to all requirements of the contract and all applicable federal, state and local laws and ordinances prior to or at the time of execution of the Agreement.

4.8 Familiarity with Request for Proposal; Responsibility for Proposal.

By submission of a proposal, the Firm acknowledges that it is aware of and understands all requirements, provisions and conditions in the Request for Proposal and that its failure to become familiar with all the requirements, provisions, conditions and information either in this Request for Proposal or disseminated either at a pre-proposal conference or by addendum issued prior to the proposal submission deadline, and all circumstances and conditions affecting performance

of the services to be rendered by the selected Firm will not relieve it from responsibility for all parts of its proposal and, if selected for Agreement, its complete performance of the contract in compliance with its terms. Firm acknowledges that the Commission has no responsibility for any conclusions or interpretations made by Firm on the basis of information made available by the Commission and the Commission does not guarantee the accuracy of any information provided and Firm expressly waives any right to a claim against the Commission arising from or based upon any incorrect, inaccurate or incomplete information or information not otherwise conforming to represented or actual conditions.

4.10 Interpretation of Proposal Document.

Britt David Road, Columbus, Georgia 31909 no later than July 6, 2021. Please submit Requests for clarification or interpretation via email to soverton@flycolumbusga.com

The submission of a proposal shall be considered evidence that the Firm has satisfied itself relative to all conditions of this Request for Proposal and acknowledges that any failure by Firm to acquaint itself with all available information in this Request for Proposal and with the circumstances and conditions at the Airport will not relieve the Firm from responsibility for properly determining the difficulty and costs of successfully performing the contract.
