

Update to mask requirements for patrons and staff

August 16, 2021

The library reinstated the mask requirement for staff members regardless of vaccination status a couple of weeks ago. As the number of positive tests and an alarming increase in hospitalizations in Delaware County is upon us, I feel it is necessary for the safety of staff and the community to resume requiring patrons to also wear a mask while in the library regardless of their vaccination status. We will have a supply of masks at the front entry for you to use if you forget your mask.

I encourage anyone who has not yet gotten vaccinated, to get the vaccination process started today. Call 211 to find a place to get vaccinated. The vaccine is free and safe. Many sites are offering walk-in services. Getting 85% of Hoosiers vaccinated is our way out of the pandemic. Let's do it for each other.

Thank you for your cooperation,

Liz Rozelle
Director
