

EPIC's Program Highlights July 20, 2019, 10:30 a.m.

### Celebrating Inspiring Women Campaign

Launched March 8 — International Women's Day

Between March 8 and July 20, we want to honor special women who have made the world a better place through their leadership, vision, inspiration, or courage. As part of the EPIC's 2019 gathering, *Celebrating Inspiring Women*, we will **construct a photo mural** of all of the women you have honored, and our program updates will focus on **women providing inspiration and leadership for EPIC's program partners**.

*Here's how you can participate:*

**SEND** by mail or e-mail the name of a **special women in your life or of a woman who has inspired you**. Send several! Include a short description of how each woman you honor has helped make the world a better place (a poem, story, string of adjectives, tribute, or other form) and a photo if you'd like. If you include an e-mail and/or mailing address, we will let her know she is honored for her leadership, vision and inspiration; even better, bring her to the July 20th celebration (date and time on front of this card)!

**CONSIDER DONATING** the amount you make in one hour of work for each woman you honor! **Consider an 8- or 10-hour work day and honor 10 women for the amount you earn in a day**. We want this to be accessible to our partners and to all donors, and also generate meaningful funding to support women in leadership in programs EPIC supports. No minimum (or maximum!). Individual donation amounts will not be published.

**JOIN US** as we will construct a **mural of names and photos** on our website and at our gathering in July. Send your photos or bring them with you.

This is a 135-day campaign from March 8 to July 20. **How many women can you help us honor in this campaign!??** Please help build momentum by sending yours soon! Check out our web page and Facebook for updates! Thank you.

*Please be sure to indicate whether you know each woman you honor, whether you are honoring someone who has passed away (birth and death years), and if you would prefer that the names or photos not appear on our web page.*
