800.535.4651  
multi-link.net

Founded in 1987, Multi-Link, Incorporated is a USA-based manufacturer dedicated to the development and marketing of high quality telecommunications devices, including remote power control management, telephone line-sharing, and industrial grade POTS line and Ethernet wireless extenders. Our products are used by SOHOs to Fortune 500 companies, state and federal government agencies, and VARs/Integrators.

Used in a wide variety of industrial applications to improve communications and troubleshoot remote equipment, our customers have achieved millions of dollars in telecommunications and service costs savings, typically with an ROI in less than 90 days.
