Right-click the link for the application form, and left-click (regular-click) "Save link as..."

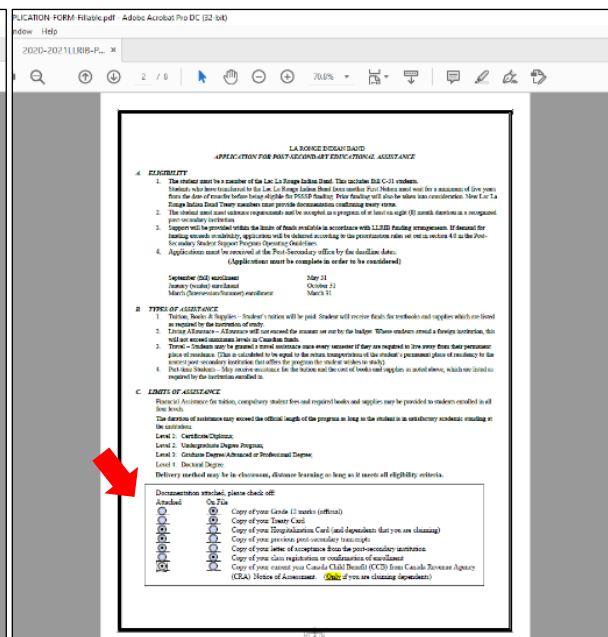

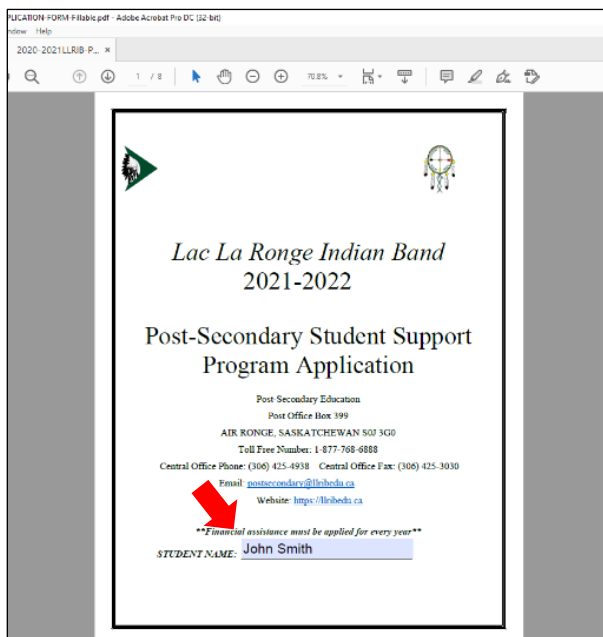

File Explorer will pop up and show you where you can download. I choose the "Downloads" folder.

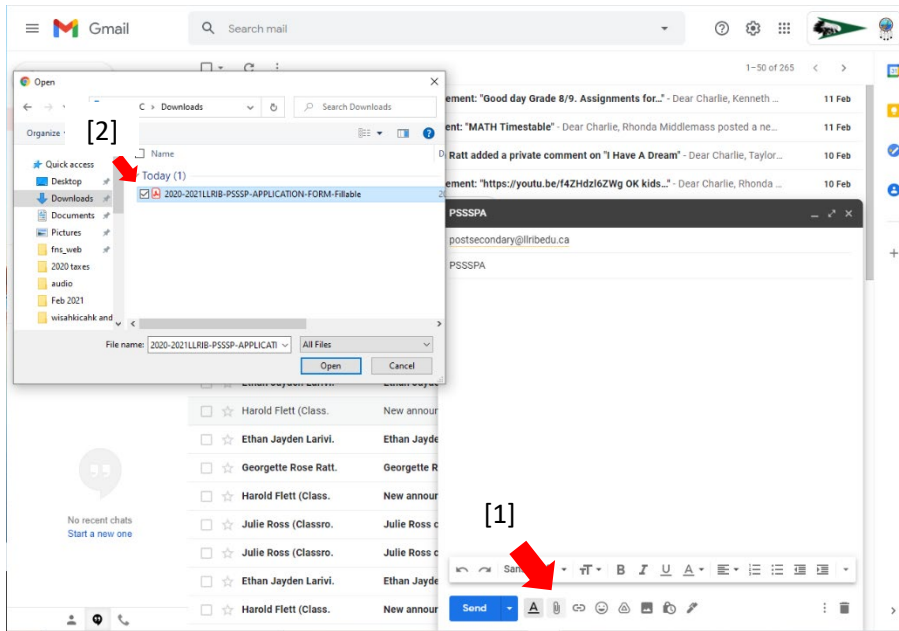

Go to your Downloads folder and open application with your PDF app, mine is Adobe Acrobat

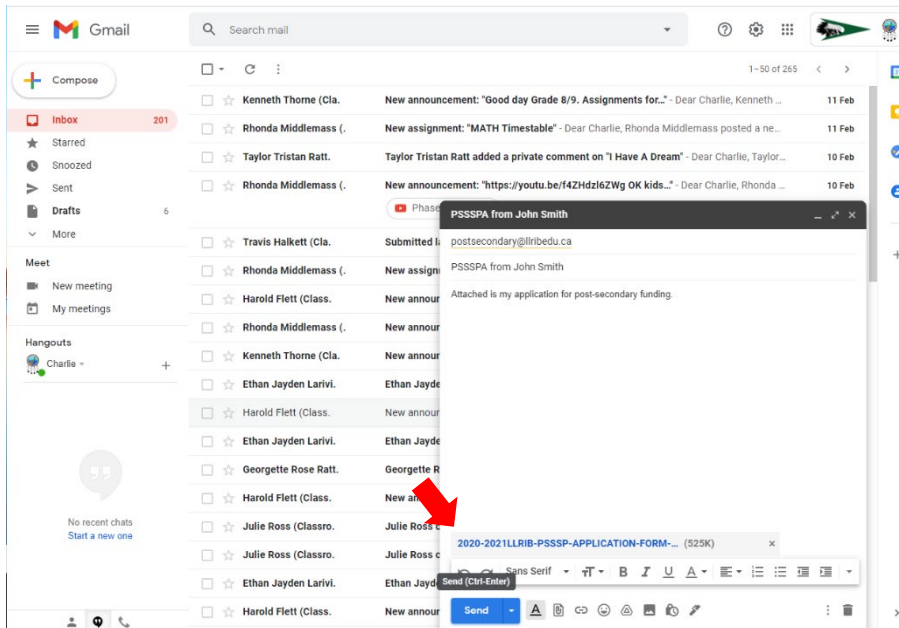

Start filling in the required information.

When you are done completing the entire form, save it, and go to your favourite email application. I will use Gmail and attach the document [1] (the attach icon is usually a paper clip ). File Explorer will show up, go to downloads and choose the saved application form [2].

Make sure the attachment is ready to go and then click “Send.”

If you have any questions or concerns about submitting your application, please contact LLRIB Post-Secondary @ 306-425-4938 or email postsecondary@llribedu.ca
