

Access to Justice at the Intersection of Disability and Older Age: A Moderated Discussion

This event includes a dynamic high-level moderated discussion between two UN experts, UN Independent Expert on the Enjoyment of all Human Rights by Older Persons, Ms. Claudia Mahler, and the Special Rapporteur on the Rights of Persons with Disabilities, Mr. Gerard Quinn. Time will also be devoted to Q&A with registered participants over Zoom.

Access to justice is a basic principle of the rule of law: a guarantee for people to exercise their rights, and hold perpetrators and decision-makers accountable. However, both older persons with or without disabilities, and persons with disabilities regardless of their age - are disproportionately impacted by abuses to their right to access to justice.
