

## **Middle School Summer Reading**

Thousands of books have been made into popular movies.

This summer...

1. Read a book.
2. Log the number of pages.
3. Watch the movie.
4. Compare the literature of the book to the imagery of the movie.

Can't find a book and movie that you like?

No problem! Pick 2 books that you want to read and complete the reading log. Maybe one day, you'll make a book into a movie.
