

Esteemed Cooleagues,

We write to you this evening with an urgent message: we broke up.

SIKE! IT'S THAT WE RELEASED A NEW TRACK! You can download it here:
www.pinegrove.bandcamp.com.

"V" is your first chance to hear what we've been up to in 2013. We've been working night and day and night on a four song E.P. which we predict with an accuracy somewhere between that of a meteorologist and a tarot card hustler will be out soon. In the meantime: listen to this track, share it with your friends, feel it, bathe in the lather that the melody makes you make.

If you're in New York, come celebrate with us on Saturday night at the Rockwood Music Hall, Stage 2. Our set is at 11:30 and entrance is FREE.

We love you,

Evan, Zack, Nick, & Sam
