what's up wonderful ppl! hope you're all doin great. this week, we celebrated our very own nick levine's 26th birthday on wednesday by having two band practices & a phone call with our booking agent, eating some bucatini which we agreed is an incredible pasta variant, possibly the best, & having a beer at the only bar in our small town. while we were there we got to talking about some other pasta shapes we like, & so, here it is folks, the debut of the thoroughly-debated, much-anticipated, official Pinegrove Top Five Pasta Shapes (subject to change; all rights reserved):

1. bucatini (duh)
2. cavatelli
3. cavatappi
4. farfalle (bow tie)
5. gemelli
