

# THE AMERICAN DREAM

We have decades of experience helping entrepreneurs establish and grow their own companies

- If you have years of experience in your industry
- If you can successfully manage the operational portion of the business
- If you have the client base or can sell your service

Workforce Advantage can help many entrepreneurs get started in their own business and prosper through our Gateway program

If you are like many hard working Americans, the biggest obstacle to making the American Dream a reality is not expertise, ability, or work ethic. The barriers to entry for most are the financial, administrative, tax, insurance, and HR hurdles – all of which can be daunting.

Through our Gateway program, **Workforce Advantage** can help many overcome these obstacles and realize their goal of entrepreneurship. Our goal is to level the playing field and launch hard-working industry leaders into their own companies. Blue collar industries are our specialty.

This is not a franchise opportunity requiring a large upfront expense.

With Workforce Advantage, you could be leading your own company with minimal start up expense
