Borough of the Bronx, Community Districts 7 and 12, as shown on a diagram (for illustrative purposes only) dated September 27, 2010 and subject to conditions of CEQR Declaration E-249.

BACKGROUND

This rezoning seeks to change the character of Webster Avenue, currently a hodge-podge of auto-body shops, vacant land, small retail uses, and the occasional clapboard home, from just north of East Gun Hill Road to East Fordham Road, while preserving the lower density character of side streets in the Bedford Park and Norwood neighborhoods west of Webster Avenue.

The rezoning area consists of all or parts of 94 blocks. The description as follows will be broken up into two sections: Webster Avenue and Bedford Park/Norwood.

Webster Avenue

The proposed rezoning would allow for medium-density and regional commercial uses along Webster Avenue between 800 feet north of East Gun Hill and East Fordham Road. Currently the entire eastern side of Webster Avenue is zoned C8-2 and is characterized by auto body shops, vacant land, land owned by the Metro-North Railroad, a Con Edison facility and the occasional retail store and small home. The western side of Webster Avenue is a mix of primarily R7-1, with some C8-2 just north of East Fordham Road. The land use is a mix of apartment buildings, small-scale retail, restaurants, wholesale suppliers and auto-body shops.

The proposed rezoning would zone Webster Avenue from Bedford Park Boulevard to just north of East 205th Street to R7D/C2-4 on both sides of the street, and R7D/C2-4 along the western side of the street from Bedford Park Boulevard south to East Fordham Road. The entire stretch of Webster Avenue would be rezoned to allow inclusionary housing. The R7D district is a contextual district that would allow for a residential FAR of 4.2, with a FAR of 5.6 under inclusionary housing. Community Facility FAR would stand at 4.2. The maximum height is 100 feet, with an allowable streetwall between 60-85 feet. Parking is required for 50% of the units. FAR for the C2-4 overlay is 2.0. This rezoning would require an active ground-floor commercial use.
The eastern portion of Webster Avenue between Bedford Park Boulevard and just north of East 195th Street would be rezoned C4-5D. This would allow for large commercial and office development, with such uses as department stores and theaters. Parking is minimized due to its proximity to transit. The residential potential in this district matches the R7D zone.

A C4-4 zone is proposed around East Gun Hill Road, extending a maximum of 800 feet north and approximately 400 feet south of East Gun Hill Road. This district would allow for large commercial and office development with height guided by the sky exposure plan, as opposed to a contextually determined height. Commercial FAR is 3.4, Residential FAR is between 3.4-4.0, and Community Facility FAR is 6.5.

There will also be a small R7B zone lying immediately south of the C4-4 district on the western side of Webster Avenue to contextually fit with the proposed zoning for Parkside Place and other Norwood side streets that will be discussed later. A C8-2 zone will remain between the C4-4 and R7D districts on the eastern side of Webster Avenue to preserve the existing automobile and infrastructure uses along that particular stretch.

**Bedford Park-Norwood**

This rezoning calls for the significant downzoning of a number of side streets, and medium-density contextual zoning on major streets in the Bedford Park and Norwood neighborhoods. Most of both neighborhoods are zoned R7-1, with various commercial overlays.

The rezoning would call for the following actions:

- Establishment of a R4B district along Marion Avenue and East 193rd Street
- Establishment of R5A districts along:
  - Pond Place, Bainbridge Avenue, East 197th and 198th Streets.
  - Bainbridge Avenue between East 201st Street and East Mosholu Parkway South, as well as East 201st Street from 90 feet west of Bainbridge Avenue and Perry Avenue.
  - Decatur Avenue between Bedford Park Boulevard and East 201st Street.
  - Hull and Decatur Avenues just immediately north of East 204th Street.
  - The eastern side of Hull Avenue between East 205th and 207th Streets.
  - The northern side of East 206th Street and southern side of 207th Street just immediately west of Bainbridge Avenue.
  - Bainbridge Avenue between East 208th and 210th Streets.
- Establishment of R5B districts along:
  - A portion of the southern side of East 195th Street, and mid-blocks of Marion, Bainbridge and Briggs Avenue between East 194th and 195th Streets.
  - Bainbridge Avenue between East 198th and 199th Streets.
• Perry Avenue between Bedford Park Boulevard and East 201st Street; and the southern side of East 201st Street from Bainbridge Avenue and just west of Marion Avenue.

• The eastern side of Decatur Avenue between East 204th and 205th Streets.

• Perry, Hull and Decatur Avenues between East 207th and 209th Streets.

• Perry Avenue between East 209th Street and East Gun Hill Road, as well as portions of Reservoir Oval East, Reservoir Place and Putnam Place.

• Establishment of a R5D/C1-4 district along the Bainbridge Avenue-East 204th Street shopping corridor between East 207th Street and Webster Avenue.

• Establishment of R6B districts along:
  • Bainbridge Avenue and Poe Place between Coles Lane and East 193rd Street.
  • Briggs Avenue between East 196th and 197th Streets; and East 197th Street between Valentine and Bainbridge Avenues.
  • Bainbridge, Perry, Hull and Decatur Avenues between East Moshulu Parkway North and East 204th Streets.
  • The eastern side of Marion Avenue, and small portions of Decatur Avenue between East 209th Street and East Gun Hill Road.

• Establishment of R7A districts (with some C1-4 overlays) along East Gun Hill Road and Bedford Park Boulevard.

• Establishment of R7B as infill for areas not previously identified in any of the above districts.

The particulars of the aforementioned districts are as follows:

• R4A
  • Detached homes
  • .75 FAR
  • 35-foot maximum height (3 stories)
  • Front, side and rear yards required
  • Minimum front yard depth of 10 feet

• R5A
  • Detached homes
  • 1.1 FAR
  • 35-foot maximum height (3 stories)
  • Front, side and rear yards required
  • 10-foot minimum front yard depth

• R5B
  • All housing types (focus on row houses)
  • 1.35 FAR
  • 33-foot maximum height (3 stories)
  • Front and rear yards required
  • 5-foot minimum front yard depth

• R5D
  • All housing types
  • 2.0 FAR
o 40-foot maximum height (4 stories)
o No parking permitted in front
o Parking required for 66% of units (no waiver)
• R6B
  o All housing types (focus on row houses)
  o 2.0 FAR
  o 50-foot maximum height (5 stories)
  o Rear yard requirement
  o If adjacent to a building with a front yard, must match depth of adjacent building up to 15 feet.
• R7A
  o 4.0 FAR
  o 80-foot maximum height, with a streetwall between 40-65 feet
  o Parking required for 50% of units
• R7B
  o 3.0 FAR
  o 75-foot maximum height, with a streetwall between 40-60 feet
  o Parking required for 50% of units
• C1-4
  o 1.0 FAR
  o One parking space per 1,000 square feet

Compliance ranges from 56% in the proposed R7B to 87% in the proposed R4A district.

The proposed rezoning is extremely well-served by transportation. The IRT 4 train runs along Jerome Avenue with stations at Fordham Road, Kingsbridge Road, Bedford Park Boulevard, Moshulu Parkway and Woodlawn ranging two to five blocks west of the western boundary of the rezoning. The IRT 2 and 5 trains run along White Plains Road stopping at East Gun Hill Road station four blocks east of the eastern boundary of the rezoning. The IND B and D trains run along the Grand Concourse with stations at Fordham Road, Kingsbridge Road and Bedford Park Boulevard ranging one to three blocks west of the western boundary of the rezoning, with the D train terminating at East 205th Street in Norwood at the center of the rezoned area.

The proposed rezoning is also well-served by commuter rail with the Metro-North Railroad forming much of the eastern boundary of the rezoning with stations at Fordham, Botanical Garden and Williamsbridge. Every year Fordham station is one of the three most-used stations in the Metro-North system.

The area is also well-served by bus, with the BX10, 16, 25, 26, 28, 30, 34, 38, 41 and 55 traversing the proposed rezoned area. The BX1, 2, 9, 12, 12 Select Bus Service, 15, 17 and 22 are all within walking distance of the proposed rezoned area. The Westchester Bee-Line Bus Service also serves the area via the BL4, 20, 21, 60, 61 and 62. The BXM4A and 4B express buses also serve the area.
ENVIRONMENTAL REVIEW AND ULURP CERTIFICATION

This application was reviewed pursuant to SEQRA and CEQR. An Environmental Assessment Statement was prepared for this application and designated as a Type I action, meaning there would be no adverse impact. The City Planning Commission certified this application as complete on September 24th, 2010.

COMMUNITY BOARD PUBLIC HEARING

Bronx Community Board 7 held a public hearing and approved this application on November 17th, 2010 with a vote of 25 in favor, 0 against, and 0 abstaining. Bronx Community Board 12 held a public hearing and approved this application on November 4th, 2010 with a vote of 29 in favor, 0 against, and 0 abstaining.

BRONX BOROUGH PRESIDENT'S PUBLIC HEARING

The Bronx Borough President held a public hearing on this application on December 2nd, 2010. Representatives of the applicants were present and spoke in favor of this application. Representatives from the community, including Fordham University, the New York Botanical Garden and the Bronx Zoo, were also present and spoke in favor of the application.

BRONX BOROUGH PRESIDENT'S RECOMMENDATION

I welcome the rezoning of one of my borough’s most diverse and economically viable collection of neighborhoods. The Webster Avenue-Bedford Park-Norwood rezoning will allow for the vitalization of a dormant, and sometimes dangerous, stretch of Webster Avenue, turning it into a destination point for living and local shopping that will enhance usage of the three Metro-North stations running alongside it. Also, this rezoning will preserve unique side streets scattered throughout what is otherwise two dense neighborhoods. At first glance, Bedford Park and Norwood seem like any other neighborhood near the Grand Concourse, comprised of five to forty-one story apartment buildings. But if you walk streets such as Perry Avenue, Pond Place, and East 201st Street, you find wonderful detached homes and townhomes that really add a special character to both neighborhoods. I am especially pleased at the downzoning of Bainbridge Avenue between East 208th and 210th Streets, with its collection of stately, architecturally important homes that echo a time when Norwood was just burgeoning as a neighborhood.

I would like to applaud and specifically note the efforts of the Bronx Borough Office of the New York City Department of City Planning for closely working with the community and my office on this rezoning. This truly was a collaborative effort. I want to especially thank them for including our recommendations that the Bainbridge Avenue-East 204th
Street shopping corridor be rezoned to R5D to preserve the existing character of the strip, as well as the downzoning of homes along Bainbridge, Perry, Hull and Decatur Avenues to R6B to maintain the character of Norwood’s core.

I do want to address three things. First, I request the study of adding a planted median along Webster Avenue. Webster Avenue has historically been notorious for drag racing that has resulted in the deaths of a number of young people. Introducing such a great number of people living along the corridor creates a grave risk without any traffic calming measures. The proposed rezoning as a whole projects 738 new units, most housed along Webster Avenue. It is critical that this potentially dangerous situation be addressed.

Second, I am concerned about overcrowding conditions in one of the City’s most overcrowded school districts. The FEIS identified no significant adverse impact. That reasoning is flawed, as the basis of solely using the student increase as allowed by the CEQR manual to determine impact is flawed. The FEIS identifies that 26 of the 33 elementary schools and annexes are over 100 percent capacity, with one school at 224 percent. The average for the study area is 116 percent utilization, or a dearth of 1,362 seats to meet current need. I do not blame the New York Department of City Planning for their analysis, as they followed procedure, but the CEQR manual needs to be re-written to address real life school and day care needs throughout the City. I strongly call upon the Department of Education to seriously evaluate Bedford Park and Norwood for additional schools.

Finally, I would like to address the inclusionary housing provision. Inclusionary housing gives neighborhoods the opportunity to maintain a level of affordability for all New Yorkers, yet it must be tailored to address the needs of different communities. Bedford Park and Norwood are diverse communities that range from low-income to upper middle-income households. Recent applications in the Lower Concourse rezoning have called for development of low-income housing developments that receive the inclusionary FAR bonus, without any provision of middle-income or market rate housing. In neighborhoods like Williamsburg, Atlantic Yards and the West Side of Manhattan, there is a dire need to maintain low-income units in increasingly gentrifying neighborhoods. The Bronx has seen little of this gentrification at the middle and upper-income strata. We have received the bulk of low-income units built throughout the City. This made sense at a time when The Bronx was rebuilding from almost nothing, but we have rebuilt, and we need opportunities for our moderate and middle-income residents. Allowing low-income developments to attain a FAR bonus without providing middle-income or market rate housing expands the stereotype of The Bronx as a borough of low income housing without opportunities for advancement, and encourages residents to move to where such opportunities exist. I seriously request that the New York City Departments of City Planning, and Housing Preservation and Development revisit inclusionary housing to allow bonuses in situations where both low-income, and middle-income or market rate housing is provided, to assure the diversity and stability of our neighborhoods.

I recommend approval of this application.
