

East Feliciana Parish Vaccination Drive

For the week of August 23rd through the 27th the East Feliciana Parish Police Jury, Office of Homeland Security & Emergency Preparedness, Louisiana National Guard and our local First Responder Community with support from our friends at RKM Primary Care will be hosting a drive up vaccination event around our parish. Nobody will be turned down and this will be as streamlined a process as possible. Participants will park, come inside and fill out the required form, receive their vaccinations and wait out the 15-minute required observation period. We will then repeat the same process at the same locations 3 weeks later for the second dose. We will be administering the Pfizer brand.

Vaccinations will be available at the below locations, times and dates:

Clinton Volunteer Fire Department

9506 Plank Road, Clinton, LA 70722
