

SF-RSK

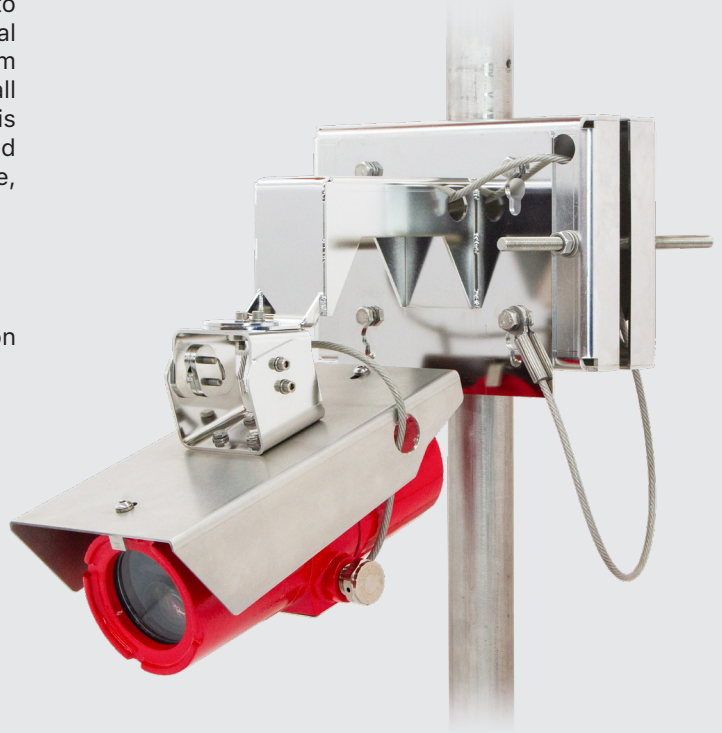

Reliable Securing Kit for F-Series

Description

The Reliable Securing Kit for F-series is designed to work together with the required wall-mounts & optional accessories. It allows the camera to be secured from any mounting failures with its stainless-steel/nylon fall protection lanyard. The camera & mounting surface is also protected from galvanic corrosions with the supplied neoprene gaskets. The SF-RSK is ideal for onshore, offshore, marine, and heavy industrial applications.

Key Features

- Designed to DROPS (Dropped Object Prevention Scheme)
- Vibration-ready bolted connection hardware
- Secondary Retention Cable
- Galvanic corrosion prevention gasket set
