

Crisis/Disaster Response Handbook

The purpose of this handbook is to give child care center personnel step-by-step procedures on how to respond to disaster/crisis situations during the first 30 minutes. Following the listed instructions in sequential order will help to prioritize notification of emergency response personnel and to limit escalation and injury during the initial impact of the situation. In this document, "Director" means the center director or the person-in-charge at the time of the incident or disaster. "Parent" means the child's parent or legal guardian.

This policy was last reviewed and updated on: JULY 15, 2013

OUR CENTER'S ADDRESS IS BASED ON EACH CENTER:

KIRKLAND: 12629 NE 144TH ST KIRKLAND WA

BELLEVUE: 14201/14205 SE 8th Street

LYNNWOOD: 5030 168TH ST. SW LYNNWOOD WA

SEATTLE: 13305 1ST AVE NE. SEATTLE WA

OUR CENTER'S PHONE NUMBER IS BASED ON EACH CENTER:

KIRKLAND: 425-820-4590

BELLEVUE: 425-747-9050/ 425-747-9056

LYNNWOOD: 425-743-5437

SEATTLE: 425-363-5437

CROSS-STREETS ARE BASED ON EACH CENTER: Center Information on site.

3

Emergency Assistance Number(s)

PLEASE SEE DESIRED CENTER(S) FOR THIS INFORMATION

Emergency Phone Numbers

4

Missing Child

- Call 911 immediately; provide the following information:
 - Child's name and age
 - Address
 - Physical and clothing description of the child, including any distinguishing marks such as visible scars or birthmarks
 - Medical status, if appropriate
 - Time and location child was last seen
 - Person with whom the child was last seen
- Notify Director immediately and search the facility again
- Have child's information including picture, if possible, available for the police upon their arrival
- Director will notify parents of missing child and attempt confirmation that child is with family; if not - inform parents of situation and steps taken
- Director will report incident to licensor and Child Protective Services
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

Kidnapping

- Call 911 immediately; provide the following information:
 - Child's name and age
 - Address
 - Physical and clothing description of the child, including any distinguishing marks such as visible scars or birthmarks
 - Physical and clothing description of the suspect
 - Medical status, if appropriate
 - Time and location child was last seen
 - Vehicle information and direction of travel
- Notify Director immediately
- Follow Emergency Lockdown procedure on page 17
- Have child's information including picture, if possible, available for the police upon their arrival
- Director will notify parents of missing child; inform parents of situation and steps taken
- Director will report incident to licensor and Child Protective Services
- Director will implement Crisis Response plan (see page 19)
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

5

Child Abuse

- Report abuse or suspected abuse to the Director
- Director will make a report to Child Protective Services and the licensor (see list under next item for the type of information that may be asked)
- Director and appropriate staff will write down the following information on an incident report*:
 - Date and time of calls to Child Protective Services and Division of Child Care and Early Learning (licensor)
 - Child's name
 - Child's age/birth date
 - Address
 - Name and address of parent or guardian and other children in the home (if known)
 - Any statements made by the child (but do NOT interview them)
 - The nature and extent of the injury or injuries, neglect, and/or sexual abuse
 - Any evidence of previous incidences of abuse or neglect including nature and extent
 - Any other information which may be helpful in establishing the cause of

the child's injury or injuries, neglect or death and the identity of the perpetrator or perpetrators

*Note: These reports may become legal documents. Confidentiality of these reports must be strictly observed.

Incident reports are stored in Director's office

Assault on Child or Staff

Call 911 if any medical treatment is needed or if police are required (if in doubt – go ahead and call)

Director will follow "Administrator Responsibilities – Intruder Alert" in the Emergency Lockdown procedure on page 17

Follow Emergency Lockdown Procedure on page 17

Staff member or teacher will stay with the victim

Victim's family will be notified by Director/Staff when safe to do so

If medical treatment is required, director will call Child Protective Services

Director will report incident to licensor

Director will complete a written incident report at the earliest opportunity; incident reports are stored the office.

6

Fire Alarm/Emergency

If smoke or fire is seen:

Activate fire alarm if not sounding

Evacuate children, visitors, and staff (see page 10 if necessary); drop and crawl to avoid smoke and close doors behind you; take the following items with you:

disaster supplies which are stored in the front classroom

class/staff attendance sheets and visitor sign-in sheets

children's emergency and medical information/supplies

cell phone, if available

Call 911 from outside the building

Take attendance; if safe to do so, search the building for anyone missing

Director or staff member will check area of concern and use fire extinguisher if safe to do so

Have the following items ready for police and fire personnel:

Number of children in care, staff, volunteers, and visitors

Knowledge of anyone remaining in the building

Floor plan and internal systems information (see appendix E, page 31)

If it is determined that the building is unsafe, move children to alternate site location; follow Site Evacuation Procedure on page 11

Director will notify parents of evacuation and alternate site location, if applicable

Director will report incident to licenser

Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

All parents will be notified of incident

7

Gas Leak

If gas odor is detected:

DO NOT activate the fire alarm system or any other electrical equipment

Notify center Director

Evacuate children and staff (see page 10 if necessary) and close doors behind you but leave a window open; take the following items with you:

disaster supplies which are stored in the front classroom underneath the sink/office

class/staff attendance sheets and visitor sign-in sheets

children's emergency and medical information/supplies

cell phone, if available

Call 911 from outside the building

Move children to a designated area no less than one block from the child care. This location is: Lake Hills Elementary School.

Take attendance

If possible, turn gas off with the wrench stored in Hardware container.

Have the following items ready for police and fire personnel:

Location of leak, if known

Number of children in care, staff, volunteers, and visitors

Knowledge of anyone remaining in the building

Floor plan and internal systems information (see appendix E, page 31)

Director will notify parents immediately if evacuation looks to be long term or if children are moved to alternate site location; if necessary to move to

the alternate site location, follow Site Evacuation procedure on page 11

- Director will report incident to licenser
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.
- All parents will be notified of incident

8

Earthquake

In the event of ground movement the following procedures should be carried out:

- Staff “drop, cover and hold.” Direct all children to “**DROP, COVER and HOLD**” and remain that way until the earth stops moving – stay away from windows, bookcases, and filing cabinets. Hold onto the item you are using as a cover, if it moves, move with it. Keep talking to children until it is safe to move.
- If no items are available for cover, crouch by a load-bearing wall and cover your head with your arms
- If outside “drop, cover and hold,” keeping away from glass, bricks, and power lines. If you are outside near a building and there is no safer location, take cover in a doorway to protect yourself and children.

When the earthquake stops the following procedures should be carried out:

- Teachers and staff check themselves and children for any injuries
- Check evacuation routes for damage
- Evacuate children and staff (see page 10 if necessary) and close doors behind you; take the following items with you:
 - disaster supplies which are stored in the front classroom underneath the sink/office
 - class/staff attendance sheets and visitor sign-in sheets
 - children’s emergency and medical information/supplies
 - cell phone, if available
- Staff will render first aid to those who need it
- Director will take attendance outside to account for all children and adults
- Check utilities for disruption/damage (gas, water, sewer); if you smell gas, turn the gas off with the wrench stored in hardware container.
- Have a team of two individuals (at least one trained in building assessment) inspect the exterior of the building following the post-earthquake

damage assessment list in appendix D on page 28 and report findings to the Director; the trained adult is the Director.

- Determine if it is safe for a rescue team to go into building to locate anyone missing or injured
- Listen to KIRO 710 AM for information on the surrounding area
- Determine status of emergency supplies and equipment

9

- Call child care's out-of-area contact with information on the center's status (injuries, evacuation, children remaining in care, children who have been picked up)
- Have the same team of two individuals (one person trained in building assessment) assess the interior of the building and determine if it is safe to move children back into the building or to whether it is best to evacuate; follow the post-earthquake damage assessment list in appendix D on page 28 and report findings to the Director
- If it is decided to evacuate to an alternate location, post a notice indicating your new location, date and time you left; follow Site Evacuation procedure on page 11
- Call parents with center status information; if not possible, report center status information to KRKO radio station for announcement over the air for parent to hear
- If parents cannot be contacted after 4 hours, the child's out-of-area contact will be called if possible
- Director will report incident to licenser
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.
- "DROP, COVER and HOLD" should be taught and practiced with the children at least once a month.*

Flooding

If center is in a flood prone area:

- During severe weather, director or designee will listen to KIRO Radio 710 AM for flood watch and flood warning reports
- If a flood warning is issued, move children and staff to the alternate site location; follow Site Evacuation plan on page 11
- Director will notify all parents immediately

- Director will report incident to licensor
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.
- Director will call insurance company (if needed)

10

Building and Site Evacuation

Building Evacuation:

- Make a quick assessment of the situation in the classroom and of any injuries to the children or adults
- Director evaluates the evacuation route to be sure that it appears clear of obstructions
- Director gives instruction to evacuate
- If possible and time allows, have children take jackets and coats
- Staff should take the following items:
 - disaster supplies which are stored in the front classroom underneath the sink/office
 - class/staff attendance sheets and visitor sign-in sheets
 - children's emergency and medical information/supplies
 - cell phone, if available
- Staff should assemble children 2 by 2 to evacuate the building (preferably one teacher leading the children and one teacher following behind). Infants will be put into rolling evacuation cribs. Young toddlers will be evacuated by: the teachers on duty in the classroom.
- Take attendance; if safe to do so, search the building for anyone missing
- Have children sit down if possible
- If a gas leak or other incident that requires individuals be located further away from the child care, have teachers move children to the predesignated area or no less than one block from the child care.
- Director will evaluate the situation with the help of responding agencies (fire, police, etc.) and determine if it is safe to enter building. If not, determine if it is necessary to move to the alternate site location (follow Site Evacuation procedure on page 11), or to stay put until it is safe reenter the building.
- Director will notify parents immediately if evacuation looks to be long term or if children are moved to alternate site location

- Director will report incident to licensor
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.
- All parents will be notified of incident

11

Site Evacuation:

If it is determined that staff and children will be moved to the alternate site location distant from the child care, assign children to a designated teacher

Staff should bring the following items to the alternate sites:

- disaster supplies which are stored in the front classroom underneath the sink/office
- class/staff attendance sheets and visitor sign-in sheets
- children's emergency and medical information/supplies
- cell phone, if available

Children will be taken to the alternate site location by: stroller/walking.

Once at the alternate site location, take attendance again. Teachers must remain with their group of children until the children are picked up by parents or emergency contacts.

Director will continue to communicate with parents and coordinate pick-up of children

Director will report incident to licensor

Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

12

Field Trip Incident

Before leaving for a field trip, make sure the trip coordinator has the following information:

- Child list by assigned vehicle
- Supervisor/Chaperone list by assigned vehicle
- Map of intended route
- Children's emergency and medical information/supplies
- Name and license number of driver, vehicle license number
- List of important phone numbers significant to the trip (including children's emergency contact information and chaperone cell phone numbers)
- First aid kit

- Attend to any medical needs if there are injuries or complaints of pain
- Call 911 if emergency medical treatment or police are required
- Contact center and provide update and actions being taken; center should consider deploying personnel to the scene, hospital, or to appropriate locations
- Director will contact parents and give update of actions being taken; indicate meeting locations or pick-up times at the child care
- Director will report incident to licensor
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.
- Director will call insurance company (if needed)

13

Power Outage

- Director or designee will try to locate the problem and activate alternate lighting system; flashlights and batteries are located: in each and every classroom/office.
- Call 911 if concerned about a fire or safety hazard
- Unplug all electrical equipment; turn off all but one light
- Director to contact property manager, if needed
- Director to call Puget Sound Engery.
- All parents will be notified if power outage is prolonged more than 3 hours.
- Director will report incident to licensor
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

Storms & Snow

- Director will determine prior to opening hours, whether or not to open the center; families will be notified by note on the Center's Door.
- If the child care must close during hours of operation because of snow or storm the director will notify parents by telephone
- If weather conditions prevent a parent or legal guardian from reaching the facility to recover a child, the center staff will care for the child (maintaining proper child:staff ratios) until such time as the parent, legal guardian, or

emergency contact person can safely claim the child. The disaster supplies will be used as needed.

If the above persons cannot claim the child within 72 hours of the center closing, the director will contact police to transport the child to a Child Protective Services care site

Director will report incident to licensor

Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

14

External Hazardous Materials Accident

Call 911 immediately; have staff initiate a “Shelter in Place” procedure (see page 15) unless directed to do otherwise by emergency personnel via the dispatcher

Have the following items ready for police and fire personnel:

Location and description (liquid, gas) of hazard, if known

Number of children in care, staff, volunteers, and visitors

Floor plan and internal systems information (see appendix E, page 31)

Follow instructions given by responding agency for either “Shelter in Place” (page 15) or Building and Site Evacuation (page 10)

Notify parents of move to alternate site location

If “Shelter-in-Place” occurs, and media attention is significant, call parents to let them know of situation

Director will report incident to licensor

Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

All parents will be notified of incident

Internal Hazardous Materials Accident

In the event a person comes into direct contact with a suspected hazardous material, follow safety precautions posted on-site or listed on the container. Call the hospital emergency room for additional instruction. Contact poison control center for common household product poisonings.

Call 911 if additional assistance is needed

Director will report incident to licensor

Director will complete a written incident report at the earliest opportunity;

incident reports are stored in the office.

It is strongly suggested that all potentially Hazardous Materials be removed from within the Center. Household toxic chemicals should be stored separately, locked up, and stationary so as not to fall over in the event of an earthquake.

15

Shelter-in-Place Procedure

Shelter-In-Place should be conducted when you are instructed to do so by emergency personnel or your radio or television; or if you see a vapor cloud or smell an unusual odor outside.

- Gather all children inside
- Call 911 if you haven't already done so; Director or designee should turn on and listen to the radio KIRO710 AM or KRKO 1380 AM; Listen for emergency information from your local fire or police department
- Director or facility maintenance person to turn off all fans, heating, cooling, or ventilation systems and clothes dryers
- Close and lock windows and doors (Locked windows seal better) and close as many interior doors as possible
- Close off non-essential rooms such as storage areas, laundry room, etc.
- Seal gaps around windows, doors, heating/air conditioning vents, bathroom and kitchen exhaust fans, stove, and dryer vents with pre-cut plastic sheeting, wax paper, or aluminum foil and duct tape
- Stay alert to loudspeaker announcements; emergency personnel from your local police or fire departments may give you specific instructions via loudspeaker or door-to-door
- If determined necessary, you can provide a minimal amount of breathing protection by covering mouths and noses with a damp cloth
- If you are told there is danger of explosion, close the window shades, blinds, or curtains; to avoid injuries, keep children away from windows
- Director should stay in touch with responding agencies/emergency personnel
- Director and emergency personnel in charge will determine whether to stay sheltered in place or to evacuate
- Advise parents not to pick children up from the child care until the incident is over. The presence of parents searching for their children will only cause confusion and may lead to exposure to toxic chemicals. Once sheltered in place you will not want to open the door to let parents in and out.
- Have emergency disaster supplies and emergency contact cards handy

Once the incident is over; inform parents, take down plastic, turn ventilation system back on

Director will report incident to licensor

Director will complete a written incident report at that earliest opportunity; incident reports are stored in the office.

16

Bomb Threat

During the Bomb Threat Call:

DO NOT HANG UP! KEEP THE CONVERSATION GOING AND ATTEMPT TO GET THE FOLLOWING INFORMATION:

Where is the bomb?

What time will it go off?

What kind of bomb is it?

Who are you?

Why is this going to happen?

LISTEN FOR:

Voice of male or female

Speech impediment or accent

What kind of background noise there is

Cell phone or land-line

NOTE: Time _____ Date _____

Immediately After the Call

Notify Center Director

Call 911

Initiate a lockdown; follow Emergency Lockdown procedure on page 17

Confer with fire and police about evacuation

Have floor plan ready for police/fire personnel (see appendix E, page 31)

Have teachers and staff glance around their area for suspicious items (DO NOT MOVE SUSPICIOUS ITEMS)

If the decision is made to evacuate, follow Building and Site Evacuation procedure on page 10

Director will notify parents if evacuated or moved to alternate location

Director will report incident to licensor

Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

All parents will be notified of incident

17

Emergency Lockdown / Intruder Alert Procedure

From time to time, schools and child cares have been faced with the threat of unauthorized individuals entering the facility. An intruder is defined as any visitor who, through act or deed, poses a perceived threat to the safety and welfare of children and employees. If at any time you are dealing with a person you feel uncomfortable around or are fearful for your safety or the safety of others, then you may be faced with an intruder situation.

There are key recommendations to implement regarding a lockdown, including those conducted because of an intruder:

1. It is important that all members of the building's staff understand, support and participate in the Intruder Alert procedures.
2. It is important to practice the Intruder Alert procedure in the facility several times per year, just as you practice fire drills.
3. Lockdown information will be given to parents upon enrollment. Parents will be notified of all lockdown drills and events. The facility will provide written materials for parents to help children understand and cope.
4. Parents will be given a pre-designated alternate pick up site if children and staff are evacuated. Parents should not try to enter the facility during a lockdown and may be kept away from the child care until authorities determine it is safe.

Administrator (Director or designee) Responsibilities – Intruder Alert

If a person(s) comes into the facility, assess the situation. If you are uneasy or suspicious of the person(s) immediately have someone call 911.

If a weapon is present, DO NOT CONFRONT – give pre-determined hand signal to another staff member for them to call 911 immediately

If **no** weapon is suspected, confront the intruder in the following manner:

- Approach the individual in a non-confrontational manner with the assistance of another staff member
- Introduce yourself and the person with you to the individual in a non-confrontational way
- Ask the individual who they are and how you can be of assistance
- Inform the individual of the policy that all visitors need to sign in and guide him/her to the area where that is done.
- If the individual refuses, do not confront him/her. Give the other staff member the pre-designated hand signal to call 911

If it is determined that the safety and health of children and staff are in jeopardy:

Intruder Alert Procedure: If the intruder is already inside the building, a hand signal (which has been predetermined and is known by all staff) shall be made to the first staff member seen. That staff member will pass on the hand signal to others throughout the building and will call 911. If the suspected intruder is not yet in the building, an announcement will be made (or a bell sounded) to alert the staff of potential danger. The announcement will be **“This is a Code Red Emergency, repeat, this is a code red emergency.”** – or – write your own.

If children are outside when a “Code Red” is called, or shots are heard/fired, teachers will **quickly** direct and move children back into the facility and into the nearest classroom for lockdown

Upon hearing the chosen lockdown announcement the following steps must be implemented:

Staff should quickly check the hall and restrooms closest to their classrooms to get children into the rooms

Lock all doors, close and lock all windows, cover all windows and doors, and turn off lights

Keep children away from windows and doors; position children in a safe place against walls or on the floor; turn a classroom table on its side to use as a buffer

Staff will maintain (as best they can) a calm atmosphere in the room, keeping alert to emotional needs of the children. (Tip: gather in a story circle behind the table and gather infants into one or two cribs (preferably on wheels) along with items to help keep them quiet, such as bottles, pacifiers, and small, quiet toys)

Teachers will keep all children in the classroom until an all clear signal has been given

Director or designee will immediately call 911 and stay on the phone until help arrives. Await further instructions from emergency response personnel. You will be informed when it is safe to move about and release children from your rooms. Children should not be released to parents until an “all clear” has been called.

Upon arrival, the local police, in conjunction with the Director will assume controlling responsibility and may evacuate the building per police standard operating procedures

When “All Clear” is heard, the director will apprise the staff of the situation and counsel with children. When the threat has been eliminated, normal activities should be resumed as soon as possible as instructed by the Director.

Director will apprise parents of all “lockdowns” whether practice or real

Director will report incident to licenser

Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

Crisis Response:

When a tragedy strikes, teachers and staff are torn between the need to deal with children’s reactions at the same time they are coping with their own reactions. With some advanced planning, this process can be much smoother than when tragedy takes a child care center by surprise.

***Crisis:** A sudden, generally unanticipated event that profoundly and negatively affects a significant segment of the child care population and often involves serious injury or death. The psychological and emotional impact will be moderate to severe. Outside assistance may be needed.*

Director will determine whether or not to maintain normal schedules or to set aside the normal schedule for an all out effort to deal with the crisis. Depending on the crisis, it may be necessary to close the center for the day.

Director will determine if parent notification becomes an item of priority or can wait for a letter to go home in the evening

If Center specific - Director will keep the local radio station (KRKO) informed as to the status of the child care so parents will have accurate information

Identify high risk children, staff and parents likely to be most affected by the news (e.g. children of the teacher who is deceased/injured or parents whose children are in the same class as the deceased)

Gather and inform closest friends of the victims, provide support and information to them before a general announcement is made. If close friends or classmates are absent, assure that a supportive adult gives the news to them, ensuring that they do not get initial information from the media.

Prepare a formal statement for initial announcement, include minimum details and note additional information will be forthcoming. Also prepare

20

statements for telephone and media inquiries. Have someone who does

not get overly emotional answer phones.

Give teachers the facts about the tragedy and instructions on how to share the information with the children in their care as well as suggestions for assisting children to cope (see information in appendix G on page 35)

Send a letter home to parents explaining the situation. Include specific factual information and information on how the child care is handling the situation. Some parents will need to be contacted by phone, particularly if their child's reaction to the crisis is severe.

Determine if additional community resources are needed to be on "stand by" to effectively manage the crisis. It is essential to minimize the number of "strangers" standing around.

Facilitate a staff meeting and, if possible, a parent meeting to provide information related to the crisis. The following are some suggestions:

- Assist with children's processing of information about the crisis
- Provide counselors to work with children/staff individually or in groups in a variety of locations
- Provide support and counseling for parents
- Provide helpful, factual information to parents
- Have an individual assist with answering phones, providing information and handling non-media inquiries
- Maintain a record of offers of assistance and ensure that proper personnel respond
- Deal with the "empty chair/desk" problem. For example, a counselor would provide therapy while sitting in the child's chair. The chair would then be moved to the back of the classroom. Finally the chair would be removed. Make sure children are part of the entire process.

Deanna Merkatz will deal with media/reporters promptly and factually

Provide information as requested by police, hospital, or other agencies

When appropriate, contact the friends/family of the deceased to get information regarding funeral arrangements and pass on information to child care staff and parents who may wish to attend

Director will report incident to licenser

Director will report incident to Child Protective Services if necessary

Arrange for a child care/community debriefing 48-72 hours after the event

Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

Other considerations:

21

- Have designated locations for the use of media, family, friends and workers, as needed
- Have transportation available to assist the family
- Young members of the victim's family should be cared for if possible
- Children and staff should be given permission to feel a range of emotions. Typically, individuals go through a sequence of emotional reactions following a crisis: High anxiety, denial, anger, remorse, grief and reconciliation
- Provide for grief counseling through Hospice/Carousel Program. The phone number is (425) 261-4777.

Suspicious Mail or Package

- Do not touch, smell, or taste unknown substances
- Cover substance with paper, trash can, clothes, or other material
- Evacuate and seal off room
- Wash hands thoroughly
- Mark room as "Dangerous"
- Call 911
- Make a list of all staff and children present in the room at the time of the incident to provide to local health authorities and the police
- Director will inform all parents of the incident
- Director will report incident to licenser
- Director will complete a written incident report at the earliest opportunity; incident reports are stored in the office.

22

Appendices

23

Appendix A: Sample Parent Letter

DATE:

Dear Child Care Parents:

Attached please find a copy of our "Crisis/Disaster Response Handbook". With the implementation of this handbook you can rest assured we will do everything we can to protect your child in the event of a crisis or disaster.

With any disaster or crisis, your cooperation is necessary for the following:

- Encourage and explain to your child why the best place for them is at the child care center.
- Explain that if you are unable to pick them up quickly, the child care staff will care for them until you or your emergency contact comes to get them.
- Please do not telephone the child care. Telephone lines will be needed for emergency communications for the first 4 hours.
- Listen to KRKO or KOMO radio for updates.
- Provide an emergency/comfort kit for your child.
- Include an out-of-state contact number with your kit.
- Provide a 72-hour supply of any medication or medical supplies/equipment that your child may need.

The child care staff will care for your child until you or your designee are able to reach them. Be sure to keep your child's emergency release card updated. Children will only be released to those specified by you on their card. We will also utilize the phone numbers on

the emergency release card should we need to re-locate to our alternate site.

If local telephone lines are unavailable, utilize your out-of-state contact number for information. If possible, we will call that number to give information on your child and to see if you have left any information for us.

Thank you for your attention to this matter. Please feel free to contact the child care if you

have any questions regarding our crisis/disaster response handbook.

Keeping your children safe,

Center Director

24

Sample Parent Communication Form

Dear Parent or Family,

During a disaster, communication may become challenging. Often it is easier to contact an outof-

area phone number than a local or cell number. Our facility is establishing an out-of-area

number to relay information throughout a disaster. Please put this number in a convenient and

accessible place so that you are able to get information about your child should local calling

become challenging. Our out-of-area contact is:

Name: _____

Phone #: _____

We encourage you to familiarize yourself with the disaster plans and policies established for our child care facility. If you have not already been given this information, it will be provided for you

by:

Date: _____

Please sign and return the following portion

✂

I have received information regarding your child care facility's out-of-area emergency contact.

I understand that your child care facility has established policies to respond appropriately to a disaster.

Signature: _____ Date: _____

Please provide the following information for our emergency records:

Child's name: _____

Child's out-of-area contact (*100+ miles away*): _____

Emergency contact (*friend, family or loved-one*): _____

Local contact (*the "nearest" acquaintance*): _____

02/01/02CP/dlp

25

Appendix B: Disaster Supply Lists

Our Disaster Kits contain the following items:

- Batteries
- Bleach, unscented
- Books or games
- Bucket
- Can opener (manual)
- Comfort kits for children
- Crowbar
- Disaster Plan (copy)
- Disposable diapers/wipes

Appendix C: Preparation Steps Taken by Center

This child care has taken these steps to prepare the child care facility, children, staff, and parents for disasters (list steps here):

- The center conducts fire drills on a monthly basis and records the dates as required by licensing.
- The center has gathered a 72-hour preparedness kit and has included a 72-hour supply of any medications or supplies for those with special needs.
- The center checks its emergency kits and emergency medication expiration dates on a regular basis. How often? _____
- For those with special needs or life-threatening health conditions, who require medication or supplies on a regular basis or on an as-needed basis, those medications or supplies are kept on-site and will be taken with if evacuation is required.
- We have at least one corded phone to use if there is no electricity and we have located our nearest payphone.

The center has designated an out-of-area contact. This contact is:

27

- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____
- _____

Determine if the facility is structurally safe to enter. If unsure, wait for assistance.

If it is determined that it is safe to enter, send a team of two staff persons into the building to check the interior, again using the diagram on the previous page. Begin by entering the facility and going to the right of the entrance door, systematically check each room, including closets, restrooms, and offices. Look for unsecured light fixtures, broken glass, overturned bookcases, chemicals, filing cabinets, water heaters, etc. Be cautious of live electrical wiring. Mark all findings on this map. Specific items that will be checked inside the building include:

- _____
- _____
- _____
- _____
- _____
- _____

- _____
- _____

- _____
- _____
- _____
- _____
- _____

Using this information, determine if it is safe to move all staff and children back into the building. If unsure, wait for assistance before entering.

Send in clean up team prior to children re-entering the facility.

31

Appendix E: Center Floor Plan and Internal Systems Information

Attach a copy of your child care floor plan here. Also list the security and utility systems in place at the center and where the controls are located.

32

Appendix F: Sample Incident Report Forms

Attach a copy of your child care's own incident report form or describe how you keep record of significant incidents that occur. Our child care's incident reports are kept for: (how long?) _____.

Also included in this section are two sample forms: a "Child Care Situation Report" form and a "Child Care Situation/Conversation Log." Fill out the form completely and leave no blank spaces. If the information is unknown, state that in the blank.

Notes about the Child Care Situation Report:

This form should be used to periodically update responding agencies or other groups about the status and needs of your child care.

This form could also be used for your files if you do not have your own incident report form.

In the message section, include the following information:

- Kind of immediate assistance required
- If you can hold out without assistance and for how long
- Overall condition of the facility, children, and adults
- Names of outside agencies at the site and their actions

Notes about the Child Care Situation/Conversation Log:

This form should be used to keep a running log of the activities taking place during any disaster or crisis response. It will become very important when

multiple individuals are responding to the situation.

A permanent log may be typed or rewritten at a later time for clarity and better understanding. If you do this, be sure to keep all original notes and records; **THEY ARE LEGAL DOCUMENTS.**

The following is a sample of how this log can be used and what information to include:

Time Situation Response Initials

1:30 pm Earthquake Center was evacuated. CD

1:45 pm Susy's mom came to center upset and upset Susy's classmates.

Escorted Susy's mom away from children to compose herself and then let her take Susy home.

CD

1:55 pm Water running out of bathroom. Sent Becky to shut off the water main. CD

Appendix G: Helping Children Cope with Disaster

Disasters can be very frightening and traumatic, especially for young children. There are several things that you can do to help the children in your care cope with their feelings.

- Reassure the children that they will not be left alone and that you are there to protect them.
- Be aware of changes in a child's behavior but also know that some children may not outwardly show their distress.
- Keep to routines such as meals, activities, and naps, as much as possible.
- Avoid allowing young children to watch or listen to news coverage of the disaster.
- Give simple but truthful answers to children's questions and make sure children understand your answers. Don't give more information than the children can use and understand.
- Give children opportunities to express their feelings through activities such as play-acting, using dolls, storytelling, painting, or drawing.
- Be especially supportive of the children's feelings and need to be close. Give lots of hugs, smiles, and kind words.
- Reassure children that they are not responsible for the disaster. Listening to children's stories about disasters and feelings may help.
- If possible, take a moment away from the children and make sure you address your own fears and anxieties by talking with other adults.
- Seek professional assistance when needed. The Mental Health Checklist on the following two pages may help you in determining the need for additional assistance. Your own knowledge of the child and your instincts about the child's needs will also help you make a decision. When in doubt, call for professional help.

A couple of local resources for Children's Mental Health Information are:

In the event of a disaster or crisis, grief counseling may be provided through the Hospice/Carousel Program. The phone number is (425) 261-4777.

36

Mental Health Checklist

This checklist provided by FEMA can assist parents, teachers and child care providers

in determining if a child is in need of professional counseling following a disaster or traumatic event. Add up the pluses and minuses to obtain a final score. If the child scores more than 35, it is suggested you seek a mental health consultation.

- 1) Has the child had more than one major stress within a year BEFORE this disaster such as a death, molestation, major illness or divorce? If yes, +5.
- 2) Does the child have a network of supportive, caring individuals who relate to him daily? If yes, -10.
- 3) Has the child had to move out of his/her house because of this disaster? If yes, +5.
- 4) Was there reliable housing within one week of the disaster with resumption of the usual household members living together? If yes, -10.
- 5) Is the child showing severe disobedience or delinquency? If yes, +5.

Has the child shown any of the following as a NEW behavior for more than three weeks after the disaster:

- 6) Nightly states of terror? +5
- 7) Waking from dreams confused or in a sweat? +5
- 8) Difficulty concentrating? +5
- 9) Extreme irritability? +5
- 10) Loss of previous abilities in toilet or speech? +5
- 11) Onset of stuttering or lispings? +5

- 12) Persistent severe anxiety or phobias? +5
- 13) Obstinacy/stubbornness? +5
- 14) New or exaggerated fears? +5
- 15) Rituals or compulsions? +5
- 16) Severe clinging to adults? +5
- 17) Inability to fall asleep or stay asleep? +5
- 18) Startling at any reminder of the disaster? +5
- 19) Loss of ambition in the future? +5
- 20) Loss of pleasure in usual activities? +5
- 21) Loss of curiosity? +5
- 22) Persistent sadness or crying? +5
- 23) Persistent headaches or stomach aches? +5
- 24) Hypochondria? +5
- 25) Was anyone in the child's immediate family killed or severely

injured in the disaster (including injury to the child)? If yes, +15.

NOTE: Any child presenting a preoccupation with death, unusual accident proneness, or suicidal threats should be referred for immediate consultations. It is also recommended that any child who has been seriously injured or who has lost a parent, sibling or caregiver to death have a psychological evaluation.
