

Rifle/Pistol Range Equipment

June 16, 2018

While it is always best if you bring your own equipment and targets to the range, we do have a variety of items for sale or loan.

We have Empty Chamber Indicators, paper targets, and earplugs for sale at nominal prices. You can always bring and use your own targets if they are paper. We do have staplers and staples to attach the targets to the target boards.

The range officer has access to a variety of safety glasses, ear muffs, and spotting scopes for loan while you are on the range. Each of the items are safe and fully functional but we have a limited quantity and they are of "loaner" quality.

We also have sandbags and rests for use from the shooting benches.
