

THE CAMPUS SERIES

Lunch & Jobs

: The school year is starting again, summer jobs are over, and it's almost time to pay for homecoming, and you need gas money. Sounds like you and your friends need a job! Reach out to your local chamber of commerce and set up a job fair during your lunch hours. Help local businesses set up booths throughout your gymnasium or other spaces and encourage students to pursue a job!

Chamber Chat

: Invite the local chamber of commerce to join your school for lunch one day to talk about the opportunities available to the students in the community. Prepare questions about seasonal employment and other opportunities available to students. Ask for staff and administrators to join the lunch and conversation.
