

THE CAMPUS SERIES

Teacher Appreciation Week

: Show your teachers that you appreciate their hard work and dedication all year long by doing small acts of “thanks” each day for the week of “teacher appreciation week.” Coffee at their door, thank you notes, a thank you video from the students, donuts at the door, etc. Generate ideas on how to say thank you from students to staff!

COMMUNITY

School Clean Up

: The end of the school year is here and the custodians have a long summer ahead of them cleaning and prepping the building for the upcoming school year. Ask the custodians for a list of jobs that students can do before the school year is over, and challenge the students to check as many jobs off the list before they leave for the summer!
