

Clarify paragraph 7.23, also add explicit statement concerning one person, one band, which seems to have been removed in all the editing and amendments in the past.-Submitted by Drew McPheters

Original text

7.23. Band Registration: Each enrolled band shall maintain a complete electronic list of the members registered with the band during the period of registration. The Band Registrar must certify the list of members. The list must be maintained by the Pipe Major or Band Manager and must show each individual's name, address, phone number and role in the band. The Band Registrar shall return to the Pipe Major or Band Manager a validated electronic copy of the list which must be carried by the Pipe Major or by his or her deputy at all contests and shall be available for inspection by the Association representatives.

No person shall be allowed to play with a band in a contest who has not been a registered member of that band for fifteen (15) days immediately preceding the contest date.

Proposed text

7.23 Band Registration: Each active band shall submit a roster of the competing band members to the Band Registrar and notify the Band Registrar of any changes made to the roster during the period of registration. This roster must be maintained by the Pipe Major, Band Manager or other designated representative and must show the name, address, phone number, email and role for every competitive player in the band. A band may optionally provide information on non-competitive, administrative and non-musical persons in the band, such as Band Manager, Secretary, etc.

The Band Registrar will maintain a list of current members submitted by each band and provide each band with a validated electronic copy of the list which must be carried by the Pipe Major or a designated representative at all contests and shall be available for inspection by the Association representatives.

No person shall be allowed to play with a band in a contest who has not been a registered member of that band for fifteen (15) days immediately preceding the contest date. No person shall be on the roster of more than one band at any given time, except for the special provisions listed below.

Rational: The paragraph was kind of choppy with the items pertaining to the band responsibility and items pertaining to WUSPBA responsibility inter mingled. Also, the one person, one band statement in previous contest rules was removed somehow/somewhere, so there technically is no restriction on that at this moment.
