POOL ANTI-FOAM

Eliminates foam in pools, spas & fountains

This concentrated liquid uses a special water-based silicone formula to knock down foam in pools, spas and decorative fountains. It also works to prevent the formation of foam without disturbing the water chemistry or leaving behind an oily residue.

Use in:

- Swimming Pools
- Spas
- Hot Tubs
- Decorative Fountains

Features and Benefits

- Water-based silicone formula.
- Does not disturb water chemistry.
- Does not leave an oily residue.
