---

## WaveLength Scholarship Essay

Our mission at WaveLength is to create options for our students: options for college and, ultimately, options for future academic investigation.

Please relate an experience where you have recognized an option you had never before known existed. Your essay should be approximately 500 words.

## About our Seminar SAT Prep

At WaveLength Tutoring + Test Prep we bring private tutoring into the classroom with our trademark fresh, effective teaching. Our small, seminar-style SAT Prep courses span 6 weeks and include:

- 30 hours of instruction
- class capped at 10 (minimum 5)
- 2 full-length take-home tests
- convenient location
- 75% off the cost of private

Remember, after your SAT prep with us, transitioning from SAT to ACT is easy with the right advice. Just choose the **ACT Addendum**, a single session, 3-hr course taught by our ACT Specialist Andrea Goldman. Andrea will cover the Math, Science, and Reading sections of the ACT, showing you how to adapt the WaveLength skills and test-taking techniques you mastered in SAT class to the ACT. We offer an Addendum the Sunday before every ACT.

With submission of scholarship application, applicant grants WaveLength use of name and essay on [wavelengthsat.com](http://wavelengthsat.com) for notification of winner. Scholarship recipient will be registered for Fall Session 1 Late (September 27-November 3). In the event that this class does not meet its minimum enrollment, the recipient's enrollment will be deferred to the next comparable class that does meet minimum enrollment. Prize cannot be exchanged for cash or other services.
