

1. Check schedule and be on time for posted tee time. Tee times may not be changed. If a player/team misses the tee time, the other players MUST start at the scheduled time. The late player/team may join in and play for any match points remaining but his team will automatically lose the two points for low net.
2. Rainouts will be determined by 3:30 PM in the golf shop and posted on the Mens Club website. If play is cancelled by 3:30, no matches will be played. During the regular season, any match in progress when rain starts and cannot be completed that night, then points are awarded for the holes played and teams split the remaining points. During the playoffs, if a match in progress is rained out, captains can agree to a reschedule date where the match will be replayed. If captains cannot agree to a reschedule date, then points are awarded for the holes played and teams split the remaining points. There will be two rainout days built into the schedule.
3. Tee times will start at 4:15 and matches will be played from the blue tees.
4. Each player will have a handicap based upon his performance in the Wednesday night league. If a player does not have a handicap on the first night of league play, their handicap will be determined by taking the total strokes over par (adjusted score) and subtracting two strokes. Example: if a person shoots a 48 and his adjusted score (nothing higher than a double bogey) is 45 (par 36) he is 9 strokes over par, and you subtract his nine 9 strokes over par by 2 and his handicap would be 7. After the first night he would then revert back to his original handicap of 9. All handicaps will be frozen after the second to last night. Handicap will be an average of the low three scores of the last four rounds played in the league. If less than four rounds have been played, the high score will be discarded and the remaining scores will be averaged.
5. In case a team is a no show, 7 points will be awarded to the team that shows and 4 points will be subtracted from the no show team's point total. A team will be on probation after one no show. If a team no shows for a second time, that team will be removed from the league. Points will be adjusted as follows: all teams that have played the team removed will receive 7 points for those matches played. A captains meeting will be called to find another team to replace the removed team.
6. The scoring will be as follows:
 - There will be 11 points per match. Each hole will be worth one point and there will be 2 points for low team net total.
 - The low handicap player in the foursome will receive no strokes.
 - Each of the other players will have their handicap reduced by the low handicap in the group. This will be the number of strokes received for the match.
 - Each player will hole out and record his actual score shot. Each player will then subtract any handicap strokes he receives on that hole and the lowest net score will be the team score. IF the low net score is tied, each team will receive one-half point.
 - After the match is completed, each player will subtract any handicap strokes received for his actual score. This net score will be added to his partner's net score and compared to their opponent's net score. The lower team total will receive the final two points.
7. Score sheets will be available for recording match results. Players will be responsible to record and attest to the scores of each match.
8. Roster changes may be made until July 4. Indicate on the score sheet if the player is an addition to the team roster. If there is no indication, the player is assumed to be a sub.
9. Handicaps will be carried over from the previous year. Any new players will follow rule #4

PLAYOFFS

- A player must have played a minimum of three league rounds to be eligible to compete in the playoffs and must be listed on the team roster.
- Matches will be played on the four Wednesdays following the last week of regular season; time of matches will start at 4:15 PM. The playoff matches may be played any time prior to their schedule time by mutual agreement between the two playoff teams. Teams not completing playoff matches on time will be disqualified. The course played is to be decided by the Nemadji Staff or by mutual agreement. If no agreement can be made, flip a coin.
