INNOVATIONS FOR LIVING™

Home sweet home.

It's the place where you want to feel the most comfortable. Safe. Protected. But no matter how much you love your house, it seems the work is never completely done. And if purchasing a new roof is on your to-do list, it may seem like a daunting task.

But you don't have to worry about it anymore. We're here to help.

You can feel confident about choosing our roofing products—Owens Corning has been a recognized leader in the building materials industry for over 75 years. We're known for making homes more comfortable, beautiful and durable. And it's likely you've invited our mascot, The Pink Panther™, into your home already—our building products and famous PINK™ Insulation have been used in millions of homes across the country.

Owens Corning and your contractor can make this a positive experience—an opportunity, really. This is your chance to choose a roof that not only has outstanding performance, but also has exceptional beauty. One that can transform the look of your entire home. So for years to come, you'll feel great every time you pull in the driveway.

Safe. Protected. Home.

†† Owens Corning Roofing strives to accurately reproduce photographs of shingles. Due to manufacturing variances, the limitations of the printing process and the variations in natural lighting, actual shingle colours and granule blends may vary from the photo. The pitch of your roof can also impact how a shingle looks on your home. We suggest that you view a roofing display or several shingles to get a better idea of the actual colour. To accurately judge your shingle and colour choice, we recommend that you view it on an actual roof with a pitch similar to your own roof prior to making your final selection. Colour availability subject to change without notice. Ask your professional roofing contractor for samples of colours available in your area.

‡‡ 40-year Limited Warranty on commercial projects.

††† Oakridge Algae Resistance available upon request along with our Algae Resistance Limited Warranty. See actual warranty for complete details, limitations and requirements.

The essentials for a roofing system.

It takes more than just shingles to create a high performance roof. Owens Corning® Roofing Essentials® Accessory Products work with our shingles to create a roofing system with excellent performance and protection.

- a Ventilation Products.** Help protect a roof from premature failure by helping remove heat and moisture from the attic. 
- b PINK™ FIBERGLAS® Blown-In Insulation.** Tiny air pockets trapped in the insulation resist the passage of heat flow.
- c Owens Corning® Hip & Ridge Shingles.** Help protect the ridge vent and add an attractive, finished look to a roof's hips and ridges.
- d Owens Corning® Shingles.** Add durable beauty to a home. Shingles are the first line of defense against the elements.
- e Owens Corning® Underlayment Products.** Add an extra layer of protection between the shingles and the roof deck to help prevent damage from wind-driven rain.
- f WeatherLock® Self-Sealing Ice & Water Barrier Products.** Help guard vulnerable areas where water can do the most damage to a roof: eaves, valleys, dormers and skylights.
- g Owens Corning® Starter Shingle Products.** The first step in the proper installation of shingles.
- h Undereave Ventilation Products.** Help prevent moisture buildup in the attic by working with ridge vents to keep air moving.

Looking for more colour on your roof?

Consider our Designer Colours Collection, the latest addition to our Duration® Series shingles product line. They offer the same exceptional performance—in five unique colours you won't find elsewhere. Ask your contractor how our Designer Colours Collection can transform the look of your home.
