

# Alignment of Vision and Mission

---

## Human Resource Management

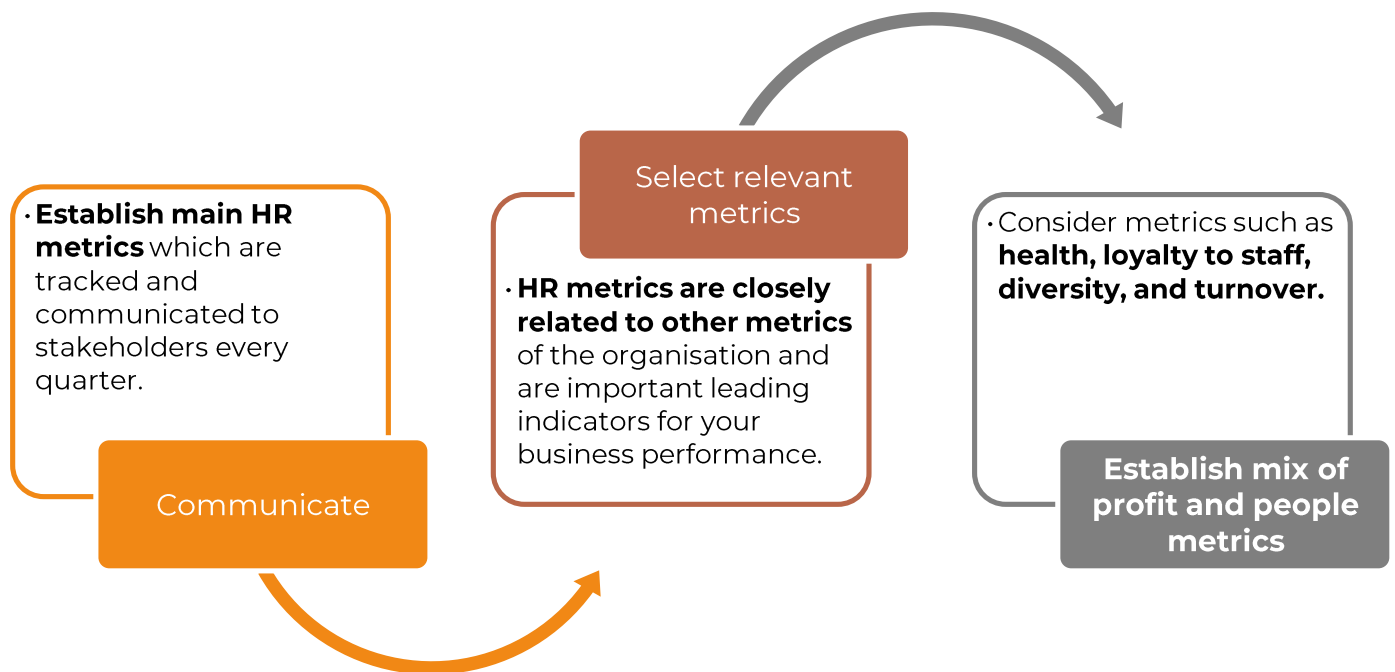

**toolbox INDIA Foundation**

## Alignment of HR with Organisational Mission and Vision

Many successful organisations trace their successes to good human resource management (HR).

Managing workers means matching their interests and expectations with those of the firm. By getting employees to make things happen in a productive way, HR ensures that the organisation prospers.

### Ensure that HR metrics are aligned with organisational metrics

## Ways to align HR with the Organisation Goals
