

DID YOU KNOW . . . The Pinellas County Sheriff's Office offers FREE "Vacation House Checks" while you are away from home. It doesn't matter if it's for a few days or months. To take advantage of this service, call **582-6177** at least 2 days prior to leaving. Also include names of those who may be taking care of your home in your absence or any vehicles you have authorized to be parked in your driveway. Once you have scheduled your house check, a deputy will visit and walk around your home to ensure it is secure and file a report each time they visit your home until your return. You may log onto the Sheriff's website, www.pcsoweb.com to learn more about this program and other services they offer.
