BEYOND BOUNDARIES
IPHA hosted our Conference and Annual Meeting in collaboration with the Beyond Boundaries Indiana Academies Symposium. The event featured poster sessions and speakers from the Network for Public Health Law, the deBeaumont Foundation, NACCHO, the Latino Health Organization, the Biden-Harris Administration COVID-19 Health Equity Task Force, and more.

HEALTH EQUITY ACTION TEAM
IPHA teamed up with Health by Design to lead monthly HEAT meetings, featuring guest speakers from around Indiana, shared learning, and supportive conversations.

SHIFTING UPSTREAM SERIES
We presented the Shifting Upstream introductory series, a two-part program explaining the What, Why, Where, How, and Who of addressing complex systems change, so we can work better together to achieve healthy, equitable, thriving communities.

MONTHLY MEET-UPS
To continue supporting member networking and professional development goals, IPHA hosted virtual lunch meet-ups each month featuring guest speakers from partner organizations.

LEGISLATIVE ADVOCACY
During the 2021 General Assembly session, IPHA led statewide partners in opposition to dangerous legislation undermining local public health authorities. Through press conferences, calls to action, and virtual outreach, IPHA acted to defend public health. Unfortunately, the legislature overturned the governor’s veto, resulting in Senate Enrolled Act 5. The fight to protect and defend public health in Indiana continues!

GET INVOLVED. JOIN. DONATE.

POLICY & ADVOCACY FORUM AND MEETINGS

The 2021 Policy & Advocacy Forum was hosted virtually and featured two days of statewide and national guest speakers and panelists. IPHA also hosts monthly Policy and Advocacy meetings for members to stay in the know about public health news and develop cohesive strategies to promote public health.

STUDENT ENGAGEMENT

IPHA engaged our student members and other public health students statewide through various avenues including:

- Attendance at five career fairs at different universities
- Distribution of a Student Engagement Survey to inform future activities
- Virtual presentations to public health classes and student groups
- Poster presentation opportunities at the IPHA Conference
- Ongoing development of our Student Advisory Group, led by 2021 intern, Sara Suisman, MPH student at the IUPUI Fairbanks School of Public Health.

COVID-19 & SCHOOLS FORUMS

IPHA hosted two virtual forums for school administration and nurses, local health departments, and parents to learn more about options for vaccination, routine, proactive testing, and other mitigation strategies to keep students in school and COVID-19 out.

MEMBERSHIP & MEDIA GROWTH

IPHA gained over 100 new members in 2021. Welcome again to everyone who joined us! Our virtual community also grew, with 60 new Twitter followers, 70 new Facebook followers, and 200 new LinkedIn followers! Sign up for our email updates on our website and follow us on Facebook, Twitter, and LinkedIn to stay in the loop.
