Welcome City Church, Sixmo, and Proof Bar-B-Q to Tremont

City Church Opens in Tremont

Written by Pastor Nate Fridrichsen

City Church has moved to Tremont in the former Iglesia Nuevo Renacer building at the corner of College Avenue and Tremont Avenue. The church began in 2017, renting time at another church on the Near West Side. The church buying this new building allowed Iglesia Nuevo Renacer to move to a new location that will better serve their needs. And with Iglesia Nuevo Renacer’s blessing, City Church looks forward to using the building to continue to serve the community.

The church was drawn to Tremont because of the social connectedness within the neighborhood among diverse peoples. They invite you to join them for a service on Sundays at 10am or one of their in-home community meals around the Near West Side.

Proof Bar-B-Q Set to Open on Professor Avenue

Written by Patrick Thornton

Cousins Michael Griffin and Dave Ferrante are bringing more to experience in the former Komorowski Funeral Home Building located at 2258 Professor Avenue. The second floor of the building is home to Visible Voice Books, a local small business where you can shop for a great read; enjoy a cup of coffee, craft beer or glass of wine. They host many events each month from book reading and signings to live music. The main floor of the building is home to Crust Pizza. Crust makes their breads, pastas, gnocchi and doughs fresh daily and is a neighborhood favorite.

Tremont is home to many great places to dine. Proof will be the neighborhoods first official Bar-B-Q spot. Knowing the quality of food Crust presents, the scratch-made tender meats that are smoked low and slow are going to be a quick favorite for locals and visitors alike. Michael made a good choice in consulting with Pete Joyce of the former Bistro on Lincoln Park. Proof will offer many different types of food including mozzarella, cheddar, portabella mushrooms, brisket, pork and turkey breast. The smoked meats will be accompanied by house made sauces in the many different styles from the Carolinas, Kansas City and Texas. Their house sauce is their own creation of cherry bourbon.

The play on words in Bar-B-Q is a hint at Proofs other delightfully smokey dishes. Their Smokey Bacon Manhattan or their Smoked-Orange Old Fashioned. There will be an extensive list of beers on tap and many wines to enjoy! Now in the midst of winter, Proof has us dreaming of patio weather because when it arrives it will reveal a new patio and their hours will be Tuesday through Sunday 4pm to 10pm, visit them online at proofcleveland.com.
Welcome, Julie Dahlhausen, Community Engagement Specialist

Hello, neighbors! My name is Julie Dahlhausen and I’m excited to serve Tremont as your Community Engagement Specialist. I come to you from the City’s Department of Aging, and before that Kamms’ Corners Development Corporation. Please feel free to contact me for information about the City’s Cleveland Paint Program (see below) and home repair assistance. In my spare time you can find me making a racket on my drums, or watching hockey with my cat Bolivar. I’m looking forward to getting to know all of you. Talk soon.

City of Cleveland Announces the Return of the Paint Program!

Mayor Frank G. Jackson announced that the City of Cleveland’s popular Exterior Paint Program will resume. The program is part of the Healthy Home Interdepartmental Initiative, a citywide effort to improve quality of life through enhancements in housing stock. Legislation for the program was introduced in Aug. 2019: https://bit.ly/2C0lHcE

“The City of Cleveland invites residents to take advantage of our 2020 Exterior Paint Program,” said Mayor Jackson. “Our goal is to help residents leverage these and other city services which can help protect their home investments, improve housing stock in our neighborhoods and create a better quality of life.”

The Exterior Paint Program provides paint and materials to homeowners who wish to paint the exterior of their homes. Labor is not included. The goal for 2020 is 500 homes with a total allocation of $500,000 for the program.

Homeowners, Tremont West included, are welcome to apply for the program. Funds cover the cost of up to $1,500 for owner occupants or up to $750 for tenants in paint and materials. Inspections of the property must be conducted. Applications must be received by Feb. 28, 2020 and the painting must be completed by Oct. 31, 2020.

The Department of Community Development’s Division of Neighborhood Services administers the program on a first-come, first-served basis. Please email contact@tremontwest.org for an application.

Tremont West Awarded Building Resilience Grant from ArcelorMittal, RFP Announced

ArcelorMittal was overwhelmed with the response from their nonprofit partners proposals to “Building Resilience Investing in nonprofit sustainability.” They received 50 applications with funding requests totaling more than $1.4 million. Similar to past years, their decision-making process was very challenging. A panel of incredible projects were submitted, and they were able to award 15 organizations a total of $350,000. Tremont West was one of the grantees.

Tremont West is going to use this opportunity to review and define their Resilience strategy and website for our community programming. The “Request for Proposals” is posted on experiencetremont.com. Proposals are due by Monday, March 1, 2020. The Tremont West staff is eager to get working on this process and to learn more about how to best serve the Tremont community in the coming years.

Congratulations to Auburn Lincoln Park and Duck Island Block Clubs, Winners of the Tremont Food Drive Competition!

Tremont-Duck Island/Irishtown Bend Holiday Food Drive – Announcing Totals & Reigning Champs – and Thank You to All!

In November, Metro North invited other block clubs to engage in a “friendly competition” to see which group could bring in the most donations in the annual Tremont-Duck Island-Irishtown Bend Holiday Food Drive – of non-perishable food items, paper products and cash/check donations. The ultimate goal is to help food pantries, like St. Augustine, Pilgrim Congregational, St. John Cantius, St. Michael the Archangel, Immanuel Lutheran, Westside Catholic Center, St. Malachi and Greater Cleveland Food Banks to feed our Duck Island, Irishtown Bend and Tremont families and children in need in the holiday season.

Eight block clubs took them up on the challenge for 2019/2020: Auburn-Lincoln Park, Central Tremont, Duck Island, Holmdein-Buhler-Rowley & Mentor-Castle-Clark, Irishtown Bend, North of Literary and South of Jefferson. Joined by the Tremont West staff – our teams collected lots of canned goods, paper products and cash/check donations – the equivalent of 18,621 items (or $13,567 in cash/checks and 1,487 food items)!

We are announcing the “reigning champs” block club – based on the number of total food items and checks/cash donated. This block club will have “bragging rights” in the competition for the coming year – until next year’s Holiday Food Drive! Well, here are the final standings for the block club donations in the friendly competition of the Holiday Food Drive 2019/2020: Awesome, job Auburn-Lincoln Park and Duck Island Block Clubs!

Block Club Happenings

“Block Club Happenings” is compiled by Tremont West staff with direct input from Block Clubs.

Auburn-Lincoln Park

Happening? Park Block Club members were busy in December and January wrapping up one decade and ringing in a new one! During these months, the halliards rallied to commemorate the annual Holiday Food Drive. Focused on continuing a three-year trend to move up in the standings, block members were able to increase their contributions & the Drive by 71% and more than double their previous year’s participation.

Additionally, block members contributed and helped us push to the top! And, we would like to thank truck driver, Dave Sandiford for his support and for ensuring that the trucks were placed around in and around the Flats. Such signs are to be used in the future as part of our挽回 campaign.

“We All Count in Ohio”

Preparations for the 2020 Census are Underway!

Counting everyone once, only once, and in the right place.

I care about Cleveland.

And every day I meet others who care about our community as much as I do.

They often ask, “What can I do to make a difference?”

This year, the answer is easy. You can make a difference by participating in the 2020 Census.

That’s because the census informs how billions of dollars are allocated every year to health clinics, schools, affordable housing, and hundreds of other critical services and programs that make a difference in our lives every day. Federal funding follows Census data—the population count, of our communities within our counties.

It only takes a few minutes, but the impact will be felt for years.

The momentum is strong as counties across Ohio prepare residents for the 2020 Decennial Census. Conducted by the U.S. Census Bureau, the federal government’s largest statistical agency dedicated to providing current facts and figures about America’s people, places, and economy, census data is the driver that shapes communities nationwide.

Where Do I Count? Addressing Special Circumstances

For some people, it’s not always clear how they should count themselves or the people in their home. These circumstances can include:

- People who live in more than one place.
- People who are living on Census Day.
- People who are born or die on Census Day.
- People experiencing homelessness.

Who Counts as Part of Your Residence?

If you live in the United States, you are required by law to participate in the 2020 Census. You’ll then have three ways to respond, by phone, mail, and for the first time ever, you’ll be able to respond to the census online!

By April 1, 2020, households will receive an invitation to participate in the 2020 Census. You’ll have three ways to respond, by phone, mail, and for the first time ever, you’ll be able to respond to the census online!

Everyone Must Complete the 2020 Census

If you live in the United States, you are required by law to participate in the 2020 census, even if you recently completed another survey from the Census Bureau. A complete and accurate count is critical, as the results of the 2020 Census will affect congressional representation, boundaries for school districts, and funding allocations for programs and services that we all enjoy, from our parks to the history center, libraries, and resources.

Census data helps businesses determine if they should stay and grow, relocate here, or leave. An accurate population count impacts all of us.

Where Do I Count? Addressing Special Circumstances

For some people, it’s not always clear how they should count themselves or the people in their home. These circumstances can include:

- Group quarters, which are places where groups of people live (such as on-campus student housing, correctional facilities, military bases, health care facilities, and shelters).
- People who live in more than one place.
- People who are moving on Census Day.
- People who are born or die on Census Day.
- People experiencing homelessness.

Who Counts as Part of Your Residence?

If you are filling out the census for your household, you should count anyone who is living there as of April 1, 2020. This includes anyone who is living and sleeping there most of the time.

Citizens of foreign countries who are living in the United States, including members of the diplomatic community, should be counted at the U.S. residence where they live and sleep most of the time.

Citizens of foreign countries who are visiting the United States on vacation or a business trip on April 1, 2020, should not be counted.

Students

- Boarding school students below the college level should be counted at their parental residence.
- College students who are living at home should also be counted at their parental residence.
- College students who live away from home should count themselves at the on- or off-campus residence where they live and sleep most of the time, even if they are home or on break on Census Day.
- U.S. college students who are living outside the United States while attending college outside the country are not counted in the census.
- Foreign students living in the country while attending college in the United States should be counted at the on- or off-campus residence where they live and sleep most of the time.
refold. wins ADELANTE Business Pitch Competition and a one-year extension on the incubator space on Professor Avenue!

ADELANTE Business Pitch Competition is held each year by the Hispanic Business Center, located at the corner of West 25th and Clark Avenue. Each contestant had to put together a pitch via video. refold. won third place! With her winnings, Priscilla Florin, owner of refold., is hoping to make some small (but mighty!) changes in the new year to make the boutique more accessible and work towards bringing some pretty cool sustainability ideas to life too!

The Hispanic Business Center and their wonderful team that works there has been helpful in guiding Priscilla towards new opportunities for growth and learning in her business! Thank you for being a true resource for the community!

The HBC is a community resource for all, you do not need to be Hispanic to seek their guidance.

Tremont West is impressed with the presence refold. has brought to their storefront located at 2406 Professor. She participates fully in Walkabout Tremont and is a welcoming spot in our community. Tremont West has decided to extend their lease for another year.

Photographed above with the giant check is Randy Cedeño, Small Business Development Center Director at HBC, Jenice Contreras, Executive Director of the Hispanic Business Center, and Priscilla Florin, owner of refold.
