

Clean Business Program

Make the Clean Business Commitment!

Our company pledges to protect the environment by making this Clean Business Commitment. We believe a successful business helps to keep our streets clean and litter-free for our community and the environment. We will actively work to show our environmental responsibility to our community by committing to the following objectives:

- Prioritize environmentally friendly, anti-litter practices
- Keep our business clean and free from debris by routinely sweeping the sidewalks and removing litter from my landscaping and public area surrounding our business
- Have adequate trash and recycling bins and garbage service pick-up for our business functions and customers
- Keep dumpster lids closed at all time and empty outdoor trash cans regularly
- Commit to a recycling sorting program, and separate out recyclables from the landfill trash can
- Educate our employees about proper sorting and disposal of trash and the need for a Clean Business, and assign one or more employees to sweep and pick up litter surrounding the business
- Acknowledge my participation as a Clean Business to my employees, business partners, customers, and the general public by displaying brochures, window decals, or other Clean Campaign marketing materials provided, if feasible
- Report excessive litter, lack of street sweeping, overflowing garbage cans, or other relevant trash problems to the city, town, or county, and my local Clean Program

Clean Business Program

Additional Options to be a Cleaner Business!

- Adopt a written anti-littering policy (written in English and other languages suitable for your employees) for the business
- Provide at least three containers for garbage, recycling, and compost anywhere inside the business for sorting business garbage and label the bins in writing and with pictures (with relevant language labeling)
- Use truly reusable, recyclable, and compostable materials
- Post a prominent sign discouraging litter that can be seen by customers
- Offer incentives to customers and employees to reduce litter
- Ask employees to instruct customers on how to dispose properly of any packaging accompanying a purchased item

Clean Marin is pleased to list your business on the Clean Marin website located at <http://www.cleanmarin.org/>
