

## Cocoa Sandwiches.

Materials—One-quarter cup cocoa, one cup XXXX sugar, one-half cup boiling water, one-half teaspoon salt.

Utensils—Bowl and spoon.

How to Make—Mix the sugar and boiling water in bowl (place in pan of hot water), then add the cocoa, stirring very hard; when smooth remove from pan of hot water, stirring five minutes. When cool spread between thin slices of bread or graham crackers. They make a very nutritious and good sweet sandwich.
