EXPERIENCE

GODSFALL CREATOR & PRODUCER | FEB 2015 - PRESENT

I write, record, edit and produce a fantasy story podcast, told through the lens of a Dungeons & Dragons game, known as *Godsfall*. The show has over a million downloads and has launched a wildly successful Kickstarter to produce an upcoming Worldbook based on that story.

KENNEDY CENTER MULTIMEDIA PRODUCER | SEP 2013 - SEP 2016

I am contracted on a regular basis for a variety of digital media projects released through ARTSEdge, the Kennedy Center's free digital learning platform for arts education.

METRO WEEKLY MULTIMEDIA PRODUCER | FEB 2010 - SEP 2014

I joined Washington's award-winning LGBT magazine as their Multimedia Producer, tasked with advertising, in-house marketing and the expansion of their online video department.

WASHINGTON BLADE MULTIMEDIA PRODUCER | FEB 2003 - FEB 2010

Hired as their webmaster, I quickly expanded my role and designed ad campaigns for both clients and in-house use. I also led the creation of the Washington Blade's video department, BladeTV.
