

ZOPPÉ

AN ITALIAN FAMILY CIRCUS
SINCE 1842

TECHNICAL RIDER

REVISED 1/18/2019

1. PERFORMANCE REQUIREMENTS

a. Performance Space

A space measuring approximately 150' x 150' is required for the set-up of the tent. Additional space may be needed for the living quarters of the artist. This space should be free and clear of all obstacles and it is preferable that the space is a grass lot. PRESENTER should make PRODUCER aware of any underground obstacles (such as water pipes, electrical or gas lines) prior to the set-up of the tent. Presenter is responsible for obtaining all licenses and permits as may be required for performance, animals and concessions.

b. Water

Water faucet connection for garden hose is needed. If system uses a key, PRODUCER is to be given the key upon arrival. PRODUCER will return key to PRESENTER prior to vacation of the premises. Standard hose coupling is acceptable.

c. 24 Hour Power

220 single-phase, 200 amp electrical service is required for use by the PRODUCER for the lighting, sound and electricity for the circus tent and for the performer's living quarters. (If shore power is too far or not available a 65KW Generator works well)

2. ANIMAL REQUIREMENTS

a. Hay

THREE (3) bales of grass hay – per performance day

b. Wood Shavings

FIFTEEN (25) bags of kiln-dried wood shavings [with TWO (2) additional bags needed per performance day] if site is not grass or bad weather additional bags may be needed]

we have

c. Dumpster

ONE (1) eight yard dumpster per weekend for animal waste should be placed close to animal parking in the location PRODUCER designates upon arrival of the

Company. This will also be used for disposal of trash from the performances and performers. If local codes require trash and animal waste to remain separate, then TWO (2) dumpsters are required.

d. Ring Dirt

If show is to be set up on anything other than ground/grass a dump truck load of baseball diamond dirt will be needed for the ring.

e. Animal Vehicles

Animal vehicles/Portable Stables & Kennels need to be parked on site next to the circus tent.

3. MISCELLANEOUS

a. Artist Recreational Vehicles

Our Artists travel, live and use there in recreational vehicles as dressing rooms while on tour. Therefore, it is preferred all artist park on site next to circus tent.

b. Set-up Assistance

Eight (8) able-bodied persons to help with the set-up and take down of the tent, Seating and related equipment, for a total call of approximately 20 hours. Time of set-up and take down will be determined by PRODUCER

c. Emergency Information

The PRESENTER should give PRODUCER a list containing the names and phone numbers of local veterinarians, blacksmiths (for horseshoes) and hospitals to be used in case of emergency. Directions from the performance area to the hospital should also be provided-

d. Accommodations

Up to THREE (3) motel rooms may be required to be supplied by the PRESENTER. PRESENTER will be notified no later than ONE (1) month prior to performance date as to whether these rooms are in fact needed.
