Sector Highlights

2020 saw an increase in total claims compared to 2019 due to a higher number of no-time loss claims. A lower injury frequency was reported due to an increase in the number of workers in the sector. The estimated number of FTEs off work for the full year increased slightly although the curve is flattening.

What's going on in Your Sector?

61 Nursing Homes continue to be active in implementing Safe Handling & Mobility best practices. AWARE-NS has been conducting Train-the-Trainer re-certification. Organizations continue to provide PACE training to frontline staff supported by funding from DHW.

AWARE-NS uses a tailored outreach approach to engage with LTC organizations to identify and test new ideas, concepts and approaches to deliver programs and services including safety audits, WPV Risk assessments, program development, customized coaching and support.

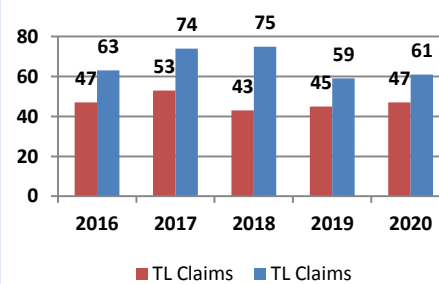

AWARE-NS training has no Walls! Both in-person and virtual training formats are offered including Lifting and Moving Safely, JOHSC, Code White and Safer leadership. New E-learning topics have been added.

AWARE-NS and the Department Labor & Advanced Education (DLAE) Safety Branch launched a collaborative initiative to improve **Safety Compliance in Continuing Care**. LTC specific inspection tools and processes have been pilot tested by LAE Compliance Officers to assess current safety programs through a quality improvement lens and approach. More info to come!

The Workplace Safety Action Plan project work continues to advance. The Stay At Work/Return to Work Program Standards have been drafted. New working Groups for Risk Assessment and Equipment Loan program are currently underway.
