Levil Aviation warrants all products to the original purchaser to be free from defects in material and workmanship for a period of one year from the date of the original purchase. The following are not covered: software, damage resulting from accident, neglect, misuse, improper voltage supply or failure to follow operational guidelines supplied with this product.

The following table lists the prices for damages not covered by the warranty:

Damage	Price
Software	\$25
Improper Voltage Supply	\$50
Damage resulting from accident, neglect, misuse, and failure to follow operational guidelines supplied	Determined based on the type of damage after the iLevil is inspected

Please contact us to receive an RMA # and for payment instructions.

If your iLevil is out of warranty there are trade in, upgrade, or repair options available.

Hardware Trade In

If you own a Gmini or any past iLevil model (iLevil 1, iLevil 2, etc.), receive a discount of \$400, on your purchase of the latest iLevil or BOM model, when you trade in your existing hardware. Purchases must be made directly from our website.

Pros: You'll get a brand new iLevil, with all the additional benefits of the newest released iLevil and a new one year warranty.

To upgrade to the latest products:

1. Ship your current hardware, working or non-working to:
1704 Kennedy Point. Suite 1124. Oviedo, FL 32765
ATT: RMA - Trade In
2. Include all the accessories you can find, we'll send you new ones
3. Purchase your new iLevil3 SW/AW or BOM using these links:

<https://shop.levil.com/products/ilevil-2-sw-trade-in>

Hardware Upgrade

iLevil 2 - Option 1: This option allows you to keep your current hardware platform and upgrade the GPS module with an ADS-B Out approved GPS module (for experimental aircraft only).

Pros: GPS source meets the position source performance requirements of §91.227 for ADS-B OUT in the experimental and light sport aircraft market. Ability to communicate with currently installed transponders (mode-s), to activate extended squitter, meeting ADS-B mandate for 2020 on experimental and light sport aviation.

To update your current hardware:

1. Ship your iLevil1 to: 1704 Kennedy Point. Suite 1124. Oviedo, FL 32765
ATT: RMA - GPS Upgrade
2. Purchase your new certified GPS board using this link:

<http://shop.levil.com/products/certified-gps-upgrade>

Option 2: This option allows you to add the features of the iLevil 3 to your current hardware. The upgrade includes:

- SD Card port for data recording
- New dual gyro AHRS with caging capability
- New firmware for ForeFlight Compatibility

Pros: Get the latest features of the iLevil 3 with your iLevil 2 and record and replay you flight data using Google earth, excel or X-Plane.

To update your current hardware:

1. Ship your iLevil2 to: 1704 Kennedy Point. Suite 1124. Oviedo, FL 32765
ATT: RMA – 2 to 3 Upgrade
2. Purchase your upgrade using this link:

<http://shop.levil.com/products/ilevil-2-sd-port-upgarde>
