

Every trip we take is unique and certainly 2013 has followed that pattern. The last two campaigns gave us the sensation that our ministry B2N has just begun to reach its destiny. We have been so encouraged to see the passion of the body, the depth of the believers, and their incredible desire to make their churches Kingdom-minded. We have continued our evangelism classes and continued taking teams to the streets to share their faith, but we also look for new places to preach revival fire of the Great Commission!!!! It seems we are on a course to mentor and raise up many who will be a part of the end time harvest! Thanks for being Kingdom-minded because without you we would not have been able to touch those who need to hear the good news of Jesus.

SHARE at the FAIR-What an exciting quarter this has been at **B2N**. In April, we worked the **God Mobile Booth** in Vidalia, GA, reaching a different market than we have ever previously reached, as many turned out to kick off the onion harvest celebration. Also in May, we ventured to the inner city of Atlanta for the **Sweet Auburn Street Festival** to establish our share at the fair booth. The one thing I realized from this outreach is that many people are waiting to hear how they can be assured of, and led into, establishing a relationship with Jesus Christ.

On my previous visit to Guatemala, this is what all the AWANA children were learning as their bible verse.

John 20:31 But these are written, that ye might believe that Jesus is the Christ, the Son of God; and that believing ye might have life through his name.

Full Gospel Business Men-Many open doors for speaking are the result of working closely with the **Full Gospel Business Men**. One opportunity came from the south GA division of **FGBMF** as I was invited to be the main speaker for their meeting in Macon, GA. In these days, we must encourage one another and get those that have fallen to get back on their feet quickly through the power of the word.

Christian Academy in Guatemala-This will make our 4th trip in a row where we have been invited into a major Christian academy to pray in detail with every student. These students are the sons and daughters of senators, lawyers and financial leaders of Guatemala. On this trip, we went to two different schools and was asked by the leadership to talk and privately pray with all teachers, staff, and every student. On that day, there were over 300 people asking for prayers to guide and direct their future paths. We also were asked to speak to a school retreat on leadership and many made commitments for following God more fully.

Police Officers-This spring we fulfilled a request for 100 bibles for the police officers in zone 1, the most dangerous zone in all of Guatemala. Chaplin Byron, the head Chaplin in Guatemala, of whom 24,000 police officers serve under him, has started using B2N to regularly encourage and pray for those under his responsibility. Many of these officers are indigenous and do not have the extra money to buy their own bible while living on a police officer's salary. We will bring bibles now on every trip as we can see the direct impact God's word has on these dangerous areas. Thanks in advance for those who will help us complete the assignment that we have been given by God to complete.

Leaving footprints is what we call our bible memorization program in Panama. The program is responsible for 7-10 salvation's monthly as a result of the zeal and hunger these youth have in sharing their faith. The word works so why not take and start teaching the next generation how to memorize the word and use it so it will work for them. Now!! We are excited to have trained 7 new **AWANA** leaders for the work we are doing in Barcenus a mountain village in Guatemala. There are now plans to start a school in this village. One of our leaders is the widow to pastor Jose who was gunned down last year on these dangerous streets. The Gospel is free but it still takes effort and energy to get the message out. Watch for exciting updates on these two programs and as we dare to dream of other potential new **AWANA** locations. We truly are living in the greatest time on earth to be a Christian. On my previous visit ,this is what all the children were learning as their bible verse.

This is a picture of College student who had recently graduated from Georgia State. Pastor Gary was led to ask him, "I see your physical life is ok, but how is you Spiritual Life?" He responded, "not well". After discussion, The young graduate received Jesus that day! He later told Pastor Gary, he could feel that today was going to be special, but not just because he had graduated. Now he knows why, God had a plan from him!

Upcoming Events

August 4th-13th – Return to Guatemala

August TBA-Back-2-school Book Bags

August 24th-Mission Conference at Freedom Tabernacle
(Great opportunity to show our ministry to kingdom minded believers, who want to learn how they can encourage us!)
