

AP® Computer Science A Summer Assignment 2020

Welcome to AP Computer Science A! The AP® Computer Science A course focuses on fundamental programming algorithms using the Java language.

A list of information about the class can be found by visiting the College Boards website (<https://apstudents.collegeboard.org/courses/ap-computer-science-a>).

Summer assignments should be completed **before the first day of school**. I recommend that you spread out the work for the summer assignment. Please do not try to complete it all in the final week of the summer. Please be prepared for a quiz during the first week.

CodeHS Assignment

Create an account on CodeHS.com, then you should signup the course at <https://codehs.com/go/C5A70>

Class code: C5A70

Please finish the following lessons
