Terms and Conditions

1. Math Olympiad Team decisions are made according to the selection criteria.
2. Students' overall academic progress, Science & Math standardized test scores and disciplinary records will be reviewed during the team selection process.
3. Team success is the priority over individual success.
4. Previous experience in Math Olympiad does not guarantee placement on the team. The number of qualified applicants, Math Olympiad rules, and selection criteria will determine the size of the team.
5. Although some students are permitted to participate in other activities and Academic Teams, priority must be given to Math Olympiad if accepted. After school activities including clubs, sports competitions, Scouts and such cannot replace Math Olympiad weekday or weekend activities.
6. All school rules are in effect for all Math Olympiad activities whether on or off campus. Students must respect teammates and represent FSA in the best way.
