### Visitor Update

Visitors can now come in without an appointment and no time limit. We still require that all visitors check in at the front desk to be screened and receive a visitor badge. There is currently no limitation as to how many visitors you may have in your room. At this time visits still are not able to be in the common areas and will need to continue to be in the resident apartments. Family members can get the door code from the residents for visits after office hours. Door code will not be given out over the phone and must come from the resident. While we are very excited to have more flexibility with visitors, we still need to make sure that the rules are being followed so that we can continue to have visitors in the community.

## Fun Facts about Independence Day.

**Charles Thompson and the infamous John Hancock were the only two men who actually signed the Declaration of Independence on July 4, 1776. The other 54 delegates signed over the course of the next month.**

**Of the 56 signers, the youngest signers, Thomas Lynch Jr. and Edward Rutledge of South Carolina, were only 26. However, Benjamin Franklin of Pennsylvania was the oldest signer at 70 years old.**

**Thomas Jefferson, 82, and John Adams, 90, both died on July 4, 1826 within five hours of each other on the 50th anniversary of the signing of the Declaration of Independence.**
