Headquartered in Newberry, FL, we are a fast-growing, multi-million-dollar corporation recognized as a one of the top companies in low volume, high customization portable power products with the use of innovative business solutions and top quality customer support.

Job Description

Inspired Energy is looking for a Production Supervisor in Newberry, FL to provide support in manufacturing. The shift leader will have the following responsibilities:

- Under general supervision, perform routine tasks on the shop floor including assembly of production, in accordance with all company safety and quality policies and in the performance of their duties, the leader must also be able to:
 - Teach and or train new employees.
 - Perform and inspect soldering activities following IPC-A -610 Class 2 standards.
 - Identify and resolve production issues, working with respective Supervisor and Engineering representatives as necessary to produce desired production levels.
 - Keep accurate records and perform production reporting using Peachtree and Crystal Reports.
 - Learn to use IE software (Paychex) to accurately report employee payroll.
 - Perform employee performance evaluations and document annually.
 - Work overtime as needed including some weekends.

Required Experience / Skills:

- 2 year degree in an electronics field, Bio-medical engineering
- 3-5 years leadership experienced, plus 3-5 years of directly related work experience in battery manufacturing.
- Ability to listen and follow direct orders.
- Strong organizational skills and willingness to work with all types of people.
- Experience in troubleshooting and problem solving.
- Experience in the use of production equipment including soldering iron, spot welder and ultrasonic welder.
- Ability to assist in all areas of the shop.
- Ability to read BOM prints and drawings.
- Experience in team activities and willingness to learn employee involvement team concepts.

Preferred Experience / Skills:

- 5-7 years prior Supervisory experience in battery manufacturing.
- 4-year Bachelor degree at an accredited university.
- Internal candidate preferred.

All post-secondary education listed on a Candidate's application and resume must be verifiable, including but not limited to dates of attendance and degree/diploma awarded. Post-secondary education includes any courses taken through an accredited college or university in pursuit of a degree.

Salary commensurate with qualifications and or experience.

Candidates must send resumes to Inspired Energy HR department by August 09, 2019 to be considered.
