Transforming Analytical Learning in the Era of Big Data
An Undergraduate Summer Institute in Biostatistics SIBS at The University of Michigan

June 7 - July 30, 2021
This part-time 8-week virtual summer institute will introduce undergraduate students to emerging challenges at the intersection of Big Data, Statistics, and Human Health.

Application opens December 1, 2020

This summer’s virtual program will include contributions from a diverse group of University of Michigan faculty in the biomedicine and public health fields and their perspective of big data. Working in teams, students will participate in mentored big data research projects.
