California's Roadmap to Modify the Stay-at-Home Order (released 4/15/2020):

1. The ability to monitor and protect our communities through testing, contact tracing, isolating, and supporting those who are positive or exposed.
2. The ability to prevent infection in people who are at risk for more severe COVID-19.
3. The ability of the hospital and health systems to handle surges.
4. The ability to develop therapeutics to meet the demand.
5. The ability for businesses, schools, and child care facilities to support physical distancing.
6. The ability to determine when to reinstitute certain measures, such as the stay-at-home orders, if necessary.
