

July 2020 Celilo Bowmen Club Business Meeting

Meeting was brought to order by the President at 7:00 pm.

Minutes from last month were reviewed and accepted as read.

Treasurer reported a balance of \$9964.66.

The last 3D shoot reported 96 shooters attended, 32 of those were members.

Old Business.

Work party went well, noticed a new project for the next work party. There's a tree across the fence line at the top of course A.

Ray will be starting the cover for the cook shack doorway.

The bow did sell.

Range report: Three bales have new burlap. Fixed some 2d targets. Spraying has been accomplished.

Baling will continue as needed.

New Business.

Zack requested to use the range for a meeting place for the rod and gun club as their facility is closed due to the virus. Dates were the first Tuesday in August and maybe the first Tuesday in Sept. The request was voted and passed.

August shoot. It's still on. There will be a new cook for the rest of the shoots this year. Thanks Joe.

The discussion started last month to have a members only Fun shoots has not developed into a plan. Need members to be involved with a plan. However, if you want targets for individual use the club will be selling them for \$.25 each. Contact Todd or Jose or pick them up at the shoot. Please do not leave them on the range when you're done.

Shoot setup: Friday 31st July at 4:30. The range master will have the targets out and ready to go prior to volunteers getting there. **The range will be close to all functions after 4:00 on setup day.**

Rangemaster has been asked to audit the 2D targets to find out what needs to be purchased for the next year. Information to be provided at the next meeting.

Can we look at the possibility to re-do any of the courses. New trails, locations ect. Will be looking for every ones input.

Can the steele stake have a point on them. Will work on them at a work party or as time permits.

The Club needs to purchase 3, three pound hammers. Voted and passed.

Club Secretary

Gary Hesselink
