

KID MANIA LLC CLAIM TICKET INSTRUCTIONS

- Claim tickets are added to ALL Large Items such as Furniture, Pack N Plays, Bassinets, Strollers, Car Seats, Excersaucers, Swings, High Chairs, Bouncy Seats, Walkers, etc. (anything that does not fit on the table)
- Claim Tickets are used so shoppers do not have to carry the item or place in a special holding area. The shopper will just rip off the bottom portion (with the price tag) of the Claim Ticket and take it to the checkout area. Once they pay for the item, KID MANIA will stamp it as paid. The shopper can now go match up the Claim Ticket numbers and walk out of the building with proof this item was paid for.
- If you have more than 3 Large Items, you can send an email to KID MANIA with your ID# and how many claim tickets you will need. KID MANIA will mail the claim tickets, prior to the sale, to your address on your registration form. Return any unused Claim Tickets with you during Drop Off.
- If you have 3 or less Large Items, the claim tickets will be completed at the time of drop off. Have your price tags in hand (or lightly taped to your item for easy removal) to attach to the claim tickets once you arrive.

HOW TO COMPLETE AND ATTACH YOUR CLAIM TICKET

- Have your Large Items and their matching Price Tags Ready.
- Securely tape the Price Tag to the bottom portion of the Claim Ticket using Packing Tape. Do not tape over the barcode.
- Using a pen CLEARLY fill out the top/bottom sections of the Claim Ticket using the information from your Price Tag.
- Leave the BUYER INFORMATION BLANK (The buyer section is if a shopper has to leave (with KID MANIA Approval) and say get a truck to haul the items purchased. They MUST come back the same day and if we need to get a hold of them, their name and phone number will be on this ticket.)
- Using a ZIP TIE place through the enforced hole at the top of the Claim Ticket and attached to your Large Item. The location should be (looking straight at your item) on the right hand side somewhere where it cannot come off without scissors. If there is no location on the right, place on the back. If you are not sure, wait for your drop off and we will help you.
- If you had the tickets mailed to you, please fill out and attach before arriving. If you don't have zip ties, please complete the Claim Tickets and we will zip tie them at drop off.

SAMPLE TAG

Insert your ZIP TIE → through the top reinforced hole. Securely tie somewhere on the RIGHT side of your item (if possible).

From your Price Tag:

Consignor # is the top left number (1 is the example here)

Item # is in the middle after the description (1399 is the example here)

↖ The Top and the Bottom portions need to be completed from the information on ↙ your price tag.

← Here you can see the price tag is taped all around the Claim Ticket. Don't Tape The Bar Code!
